TITLE 92 -- NEBRASKA DEPARTMENT OF EDUCATION
CHAPTER 51 -- REGULATIONS AND STANDARDS FOR SPECIAL EDUCATION PROGRAMS

001 Declaration of Responsibility

Neb. Rev. Stat. 79-1127 declares, "The board of education of every school district shall provide or contract for special education programs and transportation for all resident children with disabilities who would benefit from such programs."

002 Statutory Authority

This Chapter is adopted pursuant to the statutory authority vested in the Department of Education in Neb. Rev. Stat. 79-1160 which declares, "The State Department of Education shall adopt, promulgate and publish rules and regulations necessary to carry out the Special Education Act" and in Neb. Rev. Stat. 79-318 and 79-319.

003 Definition of Terms

- 003.01 Adjusted average per pupil cost of the preceding year shall mean the amount computed by dividing the total instructional expenditure, excluding special education expenditures, by the preceding year's average daily membership as reported in the annual finance report. The costs of sectarian instruction shall not be included in determining the adjusted average per pupil cost of the preceding year and the computation shall be subject to audit by appropriate state agencies. (See Section 011.)
- 003.02 Agency contracting for services coordination shall mean the agency identified by each regional interagency planning team which assumes the responsibility to deliver the entitlement of services coordination in the region through a contract with the Department of Health and Human Services.
- 003.03 Assessment for infants and toddlers shall mean the on-going procedures used by appropriate qualified personnel throughout the period of a child's eligibility to identify: (1) the child's unique strengths and needs and the services appropriate to meet those needs; and (2) the resources, priorities, and concerns of the family and the supports and services necessary to enhance the family's capacity to meet the developmental needs of the infant or toddler with a disability.
- 003.04 Assistive technology device means any item, piece of equipment, or product system, whether acquired commercially off the shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of a child with a disability. The term does not include a medical device that is surgically implanted, or the replacement of such device.
- 003.05 Assistive technology service means any service that directly assists a child with a disability in the selection, acquisition or use of an assistive technology device. The term includes the evaluation of the needs of a child with a disability, including a functional evaluation of the child in the child's customary environment; purchasing, leasing, or otherwise providing for the acquisition of assistive technology devices by a child with a disability; selecting, designing, fitting, customizing, adapting, applying, maintaining, repairing or replacing of assistive technology devices; coordinating and using other therapies, interventions, or services with assistive technology devices, such as those associated with existing education and rehabilitation plans and programs; training or technical assistance for a child with a disability, or if appropriate, that child's family; and training or technical assistance for professionals (including individuals providing education or rehabilitation services), employers, or other individuals who provide services to, employ, or are otherwise substantially involved in the major life functions of the individual with a disability.
- 003.06 Below age five shall mean those children who have not reached their fifth birthday on or before October 15 of the current school year.
- 003.07 Categorical program shall mean a special education program setting in which services are provided to children with the same disability.
- 003.08 Children with disabilities shall mean those children who have been verified by a multidisciplinary evaluation team as per Section 006 as children with autism, behavior disorders, deaf-blindness, developmental delay, hearing impairments, mental handicaps, multiple disabilities, orthopedic impairments, other health impairments, specific learning disabilities, speech-language impairments, traumatic brain injury or visual impairments, who because of these impairments need special education and related services. If, under 92 NAC 51-003.59, it is determined, through an appropriate evaluation under Section 006, that a child has one of the disabilities identified above, but only needs a related service and not special education, the child is not a child with a disability under this Chapter. If the related service required by the child is considered special education rather than a related service, the child would be determined to be a child with a disability. The terms used in this definition are defined as follows:

003.08A Autism shall mean a developmental disability which significantly affects verbal and nonverbal communication and social interaction, generally evident before the age of three, that adversely affects educational performance. Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory experiences. The term does not include children with characteristics of the disability category "behavioral disorder." A child who manifests the characteristics of autism after age 3 could be diagnosed as having autism if the criteria in 92 NAC 51-006.04B are satisfied.

003.08B Behavioral disorders shall mean:

003.08B1 A condition exhibiting one or more of the following characteristics over a long period of time and to a marked degree, which adversely affects the child's educational performance or, in the case of children below age five, development;

003.08D Developmental Delay shall mean either a significant delay in the function of one or more of the following areas: cognitive development; physical development; communicative development; social or emotional development; or adaptive behavior or skills development or a diagnosed physical or medical condition that has a high probability of resulting in a substantial delay in function in one or more of such areas. Developmental delay must be considered as one possible eligibility category for infants and toddlers birth through age four, and is a discretionary option for school districts to use for children age five through eight. A child remains eligible for services under the category of developmental delay through the school year in which the child reaches age five or if the district uses the discretionary option, through the school year in which the child reaches age nine.

TITLE 92
CHAPTER 51

004 Responsibility for Special Education Programs

004.01 All providers of special education services shall be under the general supervision of the Department of Education for the purpose of meeting the standards of this Chapter. School districts shall insure that all children with verified disabilities, from birth through the school year in which the student reaches age twenty-one, including children who have been suspended or expelled from school, have available to them a free appropriate public education (FAPE) which includes special education and related services to meet their unique needs. School districts' responsibility to ensure the availability of FAPE includes ensuring the availability of FAPE for resident students in detention facilities, correctional facilities, jails and prisons.

004.02 The school district shall ensure that FAPE is available to any individual child with a disability who needs special education and related services, even though the child is advancing from grade to grade.

004.02A The determination that a child described in 92 NAC 51-004.02 is eligible under this part, must be made on an individual basis by the multidisciplinary evaluation team.

004.03 Exceptions to the Requirement to Provide a Free Appropriate Public Education

004.03A Students with disabilities who have graduated from high school with a regular high school diploma are not eligible to receive a FAPE.

004.03A1 The exception in 92 NAC 51-004.03A does not apply to students who have graduated but have not been awarded a regular high school diploma.

004.03A2 Graduation from high school with a regular diploma constitutes a change in placement, requiring written prior notice in accordance with 92 NAC 51-009.03.

004.04 Participation in or attendance at programs by children with verified disabilities from date of diagnosis to age five shall be voluntary as specified by the parent.

004.05 Participation in Assessments

004.05A School districts shall include all students with disabilities in all general state and district-wide assessment programs, including assessments described under Section 612(a)(16)(A) of the Individuals with Disabilities Education Act of 2004 (See Appendix A), with appropriate accommodations, modifications and alternate assessments where necessary and as indicated in their respective individualized education programs.

004.05B In the case of a district-wide assessment, the school district shall develop guidelines for the provision of appropriate accommodations and modifications.

004.05C In the case of a district-wide assessment, the school district shall develop and implemented guidelines for the participation of children with disabilities in alternate assessments for those children who cannot participate in regular assessments under 92 NAC 51-004.05A with accommodations or modifications as indicated in their respective individualized education programs. The guidelines shall provide for alternate assessments that:

004.05C1 are aligned with the Nebraska Department of Education's challenging academic content standards and challenging student academic achievement standards; and

TITLE 92
CHAPTER 51

004.05C2 if the Nebraska Department of Education has adopted alternate academic achievement standards permitted under Section 612(a)(16)(C)(ii)(II) of the Individuals with Disabilities Education Act of 2004 (See Appendix A), measure the achievement of children with disabilities against those standards.

004.05D School districts shall make available to the public, and report to the public with the same frequency and in the same detail as they report on the assessment of nondisabled children, the following:

0004.05D1 The number of children with disabilities participating in regular assessments, and the number of those children who were provided accommodations in order to participate in these assessments.

004.05D2 The number of children with disabilities participating in alternate assessments described in 92 NAC 51-004.05C1.

004.05D3 The number of children with disabilities participating in alternate assessments described in 92 NAC 51-004.05C2.

004.05D4 The performance results of children with disabilities on regular assessments and on alternate assessments (if the number of children with disabilities participating is sufficient to yield statistically reliable information and reporting that information will not reveal personally identifiable information about an individual student), compared with the achievement of all children, including children with disabilities, on those assessments.

004.05D5 Reports to the public under 92 NAC 51-004.05D must include:

004.05D5a aggregated data that include the performance of children with disabilities together with all other children; and

004.05D5b disaggregated data on the performance of children with disabilities.

004.05E In the case of a district-wide assessment, the school district or approved cooperative shall, to the extent feasible, use universal design principles in developing and administering any assessments under this Section.

004.06 Reporting of Information Regarding Children with Disabilities

004.06A Individual child information shall be reported to NDE on forms or in a manner prescribed by the Special Education Office. Each school district or approved cooperative shall maintain and report the following information for children with verified disabilities receiving services according to an individual education program:

004.06A1 Name (or identifier approved by NDE) and birthdate;

004.06A2 County, district of legal residence and building of attendance;

004.06A3 Program and instructional setting attended;

004.06A4 Type(s) of disability;

004.06A4a Secondary and tertiary disabilities for a verified child if the secondary or tertiary disability is in the category of multiple impairment, deaf-blind, hearing impairment, or visual impairment;

- 004.06B This data shall be updated at least annually to reflect change(s) in the above information.
- 004.06C School districts or approved cooperatives and approved service providers shall confirm their total child count as of December 1 of each year. The December 1 child count confirmation must be postmarked or hand delivered to the NDE on or before December 10 of each year. Failure to meet the requirements of 004.06 will result in implementation of procedures specified in 92 NAC 51-004.14.
- 004.07 A school district or approved cooperative shall submit a single district plan, participate in a plan submitted by a cooperative approved by the Department of Education, or any combination thereof. The State Board of Education shall approve or disapprove cooperatives for direct receipt of payment based on the following criteria:

- 004.07C The cooperative provides evidence of agreements and procedures which provide for long term operation;
- 004.07D The cooperative proposes to operate programs which can be expected to increase program and financial efficiency and effectiveness; and
- 004.07E The cooperative provides evidence that the proportionate financial share as determined by the provisions of Sections 011 and 012 of each participating school district can be determined and documented.

004.08 School District or Approved Cooperative Special Education Policies and Procedures

004.08A The school district or approved cooperative shall develop, adopt and have on file with the Nebraska Department of Education current policies, procedures and forms for special education programs for all resident public and nonpublic school children with disabilities, in accordance with all applicable state and federal requirements. Policies and procedures shall govern identification, evaluation and verification, individual education program, placement (least restrictive environment), confidentiality, procedural safeguards, comprehensive system of personnel development, transportation, and surrogate parents within the school district or approved cooperative. Additionally, policies and procedures shall govern free appropriate public education, child find, transition from Part C of the IDEA to preschool programs, children in nonpublic schools, personnel standards, performance goals and indicators, participation in assessments, reports related to assessments, and suspension and expulsion rates.

004.09 Notice and Opportunity for Hearing Before Withholding Funds

004.09A A school district or an approved cooperative shall be notified by certified mail to the head administrator whenever the Special Education Office intends to recommend to the State Board of Education that funds be withheld from the school district or approved cooperative.

004.09B Within 21 calendar days of the school district's or approved cooperative's receipt of the notice of the Special Education Office's intention to recommend withholding funds to the State Board of Education, the school district or approved cooperative may request in writing a review by the Commissioner or designee. Following the review, the Commissioner or designee shall:

004.09B1 Notify the school district or approved cooperative by certified mail that, based upon the review, (s)he will recommend to the State Board of Education that funds be withheld from the school district or approved cooperative, or

004.09B2 Notify the school district or approved cooperative that funds will not be withheld.

004.09C Within 30 calendar days of receipt of the notice of the Commissioner's intention to withhold funds, the school district or approved cooperative may request in writing a hearing before the State Board of Education. The hearing shall be conducted in accordance with the hearing procedures of 92 NAC 61, including provisions of that Chapter relating to evidence.

004.10 Children with Disabilities who are Wards of the State or Court

004.10A Responsibility for the provision and payment of a free appropriate public education for wards of the state or court is determined pursuant to Neb. Rev. Stat. 79-215.

004.11 Special Requirements

004.11A Each school district shall take steps to insure that its children with verified disabilities have available to them the variety of educational programs and services available to children without disabilities in the area served by the agency, including art, music, industrial arts, consumer and homemaking education, and vocational education.

TITLE 92
CHAPTER 51

004.11B Each school district or approved cooperative shall comply with any federal health or safety requirements that apply to the facilities that the school district or approved cooperative uses to provide a free appropriate public education for children with verified disabilities.

004.11C Each school district or approved cooperative shall administer or supervise the administration of all educational programs for children with verified disabilities.

004.11D Prohibition on mandatory medication:

004.11D1 The school districts, approved cooperatives and special education and related services providers are prohibited from requiring a child to obtain a prescription for a substance covered by the Controlled Substances Act (21 U.S.C. 801 et. seq.) as a condition of attending school, receiving an evaluation under Section 006 of this Chapter, or receiving services under 92 NAC 51.

004.011D2 Nothing in 92 NAC 51-004.11D1 shall be construed to create a prohibition against teachers and other school personnel consulting or sharing classroom-based observations with parents or guardians regarding a student's academic and functional performance, or behavior in the classroom or school, or regarding the need for evaluation for special education or related services.

004.12 Innovative Educational Projects

004.12A School districts and approved cooperatives wishing to conduct innovative educational projects for the purpose of improving instruction or increasing educational opportunities for children with disabilities that would result in deviating from the standards in this Chapter, shall submit a detailed written plan to the Commissioner of Education.

004.12A1 The length of the project must be specified in the plan, not to exceed three years, and must provide for an annual review of the progress of the program.

004.12A2 If the submitted project requires a waiver of any of the provisions of this Chapter which are not required by State statute and Federal law or regulation, the Commissioner shall submit the plan to the State Board of Education with recommendations.

004.12A3 The State Board of Education may approve the requested plan if the plan demonstrates that it promotes quality learning, equity, accountability and that the Commissioner of Education will be informed annually of the progress and the project results.

004.12A4 The State Board of Education shall reject the plan if, in its opinion, the plan would not promote quality learning, equity, accountability or if it does not provide that the Commissioner of Education will be informed annually of the progress of the plan. The State Board of Education shall also reject the plan if, in the State Board of Education's opinion, the plan results in a deviation of standards contained in this chapter which are specifically required by statute or federal law or regulation.

TITLE 92
CHAPTER 51

- 004.12B If Nebraska is selected to participate in the U.S. Department of Education pilot projects for Paperwork Reduction or Multi-Year IEPs, those sections of 92 NAC 51 referenced in the application for participation shall be waived, as approved by the U.S. Department of Education and the pilot projects shall be implemented in accordance with section 614(d)(5) and 609 of The Individuals with Disabilities Education Improvement Act of 2004 (20 U.S.C. 1414 and 1408).
- 004.13 All school districts or approved cooperatives shall participate in an ongoing review of their special education programs utilizing the Improving Learning for Children with Disabilities process (ILCD).
- 004.14 All special education programs must comply with the requirements of state and federal law and regulation concerning the education of children with disabilities.
- 004.14A Failure to comply with the provisions of state and federal statute and administrative rules concerning education of children with disabilities shall result in notification of school districts or approved cooperatives of the specific program deficiencies by the Special Education Office.
- 004.14B School districts or approved cooperatives shall be afforded 45 days to respond to the initial notification with a report of the resolution of the deficiencies or a plan for resolution.
- 004.14C School districts or approved cooperatives failing to respond as set forth in 92 NAC 51-004.14B shall be afforded an additional 30 days following contact from the Administrator of the Special Education Office or the designee of the Administrator to correct the deficiencies.
- 004.14D Deficiencies not corrected according to the timelines set forth in 92 NAC 51-004.14 shall be subject to the procedures outlined in 92 NAC 51-004.09.
- 004.14E Any school district or approved cooperative not meeting the requirements of this Chapter shall be in violation of the law. No state or federal funds shall be paid to any school district or approved cooperative as long as such violation exists, but no deduction shall be made from any funds required by the Constitution of the State of Nebraska to be paid to such district.
- 004.15 Access to Instructional Materials
- 004.15A Not later than June 30, 2007, a school district or approved cooperative that chooses to coordinate with the National Instructional Materials Access Center, when purchasing print instructional materials, shall enter into a written contract with the publisher of the print instructional materials to:
- 004.15A1 Require the publisher to prepare and, on or before the delivery of the print instructional materials, provide to the National Instructional Materials Access Center, electronic files containing the contents of the print instructional materials using the Instructional Materials Accessibility Standard; or
- 004.15A2 Purchase instructional materials from a publisher that are produced in or may be rendered in, specialized formats.
- 004.15B Nothing in this section shall be construed to require a school district or approved cooperative to coordinate with the National Instructional Materials Access Center. If a school district or approved cooperative chooses not to coordinate with the National Instructional Materials Access Center, the school district or approved cooperative shall provide an assurance to the Nebraska Department of Education that the school district or approved cooperative will provide instructional materials to blind persons or other persons with print disabilities in a timely manner.

005 Early Childhood Planning Region Teams

005.01 Early Childhood Planning Region Teams for Children Birth to Age Five

005.01A The lead agency, school district, approved cooperative or Educational Service Unit designated to coordinate planning region meetings shall invite representatives from the following groups:

005.01A1 Family members of children with disabilities (a minimum of 20% of the invited team members must be family members);

005.01A2 School districts, approved cooperatives and Educational Service Units;

005.01A2a School district or approved cooperative personnel serving on the Planning Region Team are selected at the discretion of the school district or approved cooperative, but shall include: a school district or approved cooperative administrator or a designated representative;

005.01A3 Nebraska Department of Health and Human Services;

005.01A4 Agency(ies) providing health and medical services in the Planning Region;

005.01B1 Establish operational procedures;

005.01B2 Determine a local lead agency to assist in the coordination of the Planning Region Team activities stated in the Nebraska Department of Health and Human Services Early Intervention Regulations; and

005.01B3 Assist each school district or approved cooperative in the ILCD process and ongoing activities for children with verified disabilities from birth to age five through a plan of services prepared on a regional basis and updated annually. Such plans must address gaps and barriers in service delivery, training and technical assistance and resources as identified by services coordinators and planning region team members.

005.02 Each school district or approved cooperative shall demonstrate participation in a plan of services for children with disabilities from birth to age five. Such plans shall be prepared on a regional basis as determined by the Nebraska Department of Education.

TITLE 92
CHAPTER 51

005.03 Annual Meetings

005.03A The annual meeting must be conducted prior to July 1 of each year.

005.03B The date and place of the annual meeting shall be disseminated within the region so that all school districts, approved cooperatives, service providers, parents, and nonpublic agencies serving children below age five have access to the information.

005.03C A written report of the annual meeting shall be prepared, which includes a list of gaps and barriers. The written report shall be submitted to the Nebraska Department of Education on a date specified by the Department.

005.03D A Planning Region Team meeting as described in 92 NAC 51-005.01 may serve as the annual meeting provided the requirements of 92 NAC 51-005.02 are met.

005.04 Services Coordination

005.04A Any educational agency providing services coordination for infants and toddlers within a Planning Region shall do so only through a contract or subcontract with the Nebraska Department of Health and Human Services and in accordance with the Department of Health and Human Services Early Intervention Regulations.

006 Identification of Children with Disabilities, Multidisciplinary Teams and Reporting of Diagnostic Data

006.01 Child Find

006.01A All children with disabilities, including children with disabilities who are homeless children or wards of the State and children with disabilities attending nonpublic schools, regardless of the severity of their disabilities, and who are in need of special education and related services, shall be identified, located, and evaluated and a practical method shall be developed and implemented to determine which children with disabilities are currently receiving needed special education and related services. For infants and toddlers, districts shall demonstrate targeted efforts to meet the needs of children from historically underserved populations, particularly minority, low-income, inner-city and rural populations, and children with disabilities who are wards of the state.

006.01A1 The child find requirements apply to highly mobile children with disabilities (such as migrant and homeless children); and to children under the age of 3 who are involved in a substantiated case of child abuse or neglect; who are identified as affected by illegal substance abuse, or withdrawal symptoms resulting from prenatal drug exposure.

006.01A2 A child who is suspected of being a child with a disability under 92 NAC 51-003.08 and in need of special education, even though they are advancing from grade to grade.

006.01B Within 45 calendar days after a public agency which includes the Nebraska Department of Health and Human Services and the Nebraska Department of Education and any other political subdivisions that are responsible for providing early intervention services to children and their families receives a referral concerning an infant or toddler, the school district or approved cooperative shall:

006.01B1 Complete the multidisciplinary evaluation in accordance with Section 006; and

006.01B2 Participate in an IFSP meeting in accordance with Section 007 of this Chapter.

006.01C Student Assistance Team (SAT) or Comparable Problem Solving Team

006.01C1 For a school age student, a general education student assistance team or a comparable problem solving team shall be used prior to referral for multidisciplinary team evaluation.

006.01C2 The SAT or comparable problem solving team shall utilize and document problem solving and intervention strategies to assist the teacher in the provision of general education.

006.01C3 If the student assistance team or comparable problem solving team feels that all viable alternatives have been explored, a referral for multidisciplinary evaluation shall be completed. A referral shall include information from the SAT or comparable problem solving team, meeting the requirements of 92 NAC 51-006.01C and a listing of the members of the SAT or comparable problem solving team.

TITLE 92
CHAPTER 51

006.02 Consistent with 92 NAC 51-009.05, 009.06 and 009.07, a parent of a child, the Nebraska Department of Education, another State agency or a local school district or approved cooperative may initiate a request for an initial evaluation to determine if the child is a child with a disability.

006.02A Except for infants and toddlers, the resident school district or approved cooperative shall conduct a full and individual initial evaluation for each child being considered for special education and related services before the initial provision of special education and related services to a child with a disability. The initial evaluation shall determine whether a child is a child with a disability, and the educational needs of the child. For infants and toddlers, early intervention services in accordance with 92 NAC 51-007.13, may begin prior to completion of a full and individual initial evaluation.

006.02A1 In implementing the requirements of 92 NAC 51-006.02A the school district or approved cooperative shall insure that:

006.02A1a The evaluation is conducted in accordance with the procedures described in Section 006 of this Chapter.

006.02A1b The results of the evaluation are used by the child's IEP team in meeting the requirements of Section 007 of this Chapter.

006.02B School districts or approved cooperatives shall insure, at a minimum, that the following requirements are met:

006.02B1 Assessments and other evaluation materials used to assess a child under this Chapter;

006.02B1a Are selected and administered so as not to be discriminatory on a racial or cultural basis; and

006.02B1b Are provided and administered in the language and form most likely to yield accurate information on what the child knows and can do academically, developmentally and functionally, unless it is not feasible to, provide or administer;

006.02B1b(i) For infants and toddlers, tests and other evaluation materials and procedures are administered in the native language of the parent or other mode of communication, unless it is clearly not feasible to do so.

006.02B1c Are used for purposes for which the assessments or measures are valid and reliable.

006.02B2 Assessments of children with disabilities who transfer from one school district or approved cooperative to another school district or approved cooperative in the same academic year are coordinated with such children's prior and subsequent schools, as necessary and as expeditiously as possible, to ensure prompt completion of full evaluations.

006.02B3 Materials and procedures used to assess a child with limited English proficiency are selected and administered to insure that they measure the extent to which the child has a disability and needs special education, rather than measuring the child's English language skills.

- 006.02B4 A variety of assessment tools and strategies are used to gather relevant functional, developmental and academic information about the child, including information provided by the parent, and information related to enabling the child to be involved in and progress in the general education curriculum (or for a preschool child, to participate in appropriate activities), that may assist in determining:
- 006.02B4a Whether the child is a child with a disability under 92 NAC 51-003.08; and
- 006.02B4b The content of the child's IEP.
- 006.02B5 Any standardized tests that are given to a child:
- 006.02B5a Have been validated for the specific purpose for which they are used; and
- 006.02B5b Are administered by trained and knowledgeable personnel in accordance with any instructions provided by the producer of the assessments.
- 006.02B5b(i) If an assessment is not conducted under standard conditions, a description of the extent to which it varied from standard conditions (e.g., the qualifications of the person administering the test, or the method of the test administration) must be included in the evaluation report.
- 006.02B6 Tests and other evaluation materials include those tailored to assess specific areas of educational need and not merely those that are designed to provide a single general intelligence quotient.
- 006.02B7 Tests are selected and administered so as best to insure that if a test is administered to a child with impaired sensory, manual, or speaking skills, the test results accurately reflect the child's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the child's impaired sensory, manual, or speaking skills (unless those skills are the factors that the test purports to measure).
- 006.02B8 No single measure or assessment is used as the sole criterion for determining whether a child is a child with a disability and for determining an appropriate educational program for the child.
- 006.02B9 The child is assessed in all areas related to the suspected disability, including, if appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities.
- 006.02B10 In evaluating each child with a disability under Section 006, the evaluation is sufficiently comprehensive to identify all of the child's special education and related services needs, whether or not commonly linked to the disability category in which the child has been classified.
- 006.02B11 The school district or approved cooperative uses technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.

TITLE 92
CHAPTER 51

006.02B12 The school district or approved cooperative uses assessment tools and strategies that provide relevant information that directly assists persons in determining the educational needs of the child.

006.02C In interpreting evaluation data for the purpose of determining if a child is a child with a disability and the educational needs of the child, each school district or approved cooperative shall:

006.02C1 Draw upon information from a variety of sources, including aptitude and achievement tests, parent input, teacher recommendations, physical condition, social or cultural background, and adaptive behavior; and

006.02C2 Insure that information obtained from all of these sources is documented and carefully considered.

006.02D Evaluation and assessment for infants and toddlers

006.02D1 An evaluation is conducted in accordance with Section 006 of this Chapter to determine eligibility for services including determining the status of the child in each of the developmental domains.

006.02D2 After a child has been verified the district must conduct an assessment of the unique needs of the child in terms of each of the developmental areas to identify services appropriate to meet the needs of the child.

006.03 Multidisciplinary Evaluation Team (MDT) Requirements

006.03A The multidisciplinary evaluation team (including the child's parents) shall be responsible for the analysis, assessment and documentation of educational and developmental abilities and needs of each child referred for the purpose of individual evaluation. Using the documentation collected and the verification criteria found in Section 006 of this Chapter and the definition found in 92 NAC 51-003.08, the MDT shall make all verification decisions. Documented information shall be collected to facilitate the development of a statement of present level of development and educational performance on the IFSP or IEP.

006.03B For students attending nonpublic schools, an administrator of the nonpublic school or a designated representative of the nonpublic school shall be a member of the MDT.

006.03C In making a determination of eligibility, a child shall not be determined to be a child with a disability if the determining factor is lack of appropriate instruction in reading, including in the essential components of reading instruction as defined in Section 614(a)(5)(A) of the Individuals with Disabilities Education Act of 2004 (See Appendix A), lack of instruction in math, or limited English proficiency.

006.03D If a determination is made that a child has a disability and needs special education and related services, an IEP must be developed for the child in accordance with Section 007 of this Chapter.

006.03E Multidisciplinary Evaluation Team Written Report (for all suspected disabilities except specific learning disabilities)

006.03E1 The team shall prepare a written report of the results of the evaluation.

- 006.03E2 The report shall include a statement of:
- 006.03E2a Whether the child qualifies as a child with a disability based on the criteria contained in 92 NAC 51-006.04 and definition contained in 92 NAC 51-003.08 with reference to the specific disability;
 - 006.03E2b The child's educational needs;
 - 006.03E2c The basis for making the determination; and
 - 006.03E2d A listing of the team members.
- 006.03E3 Each team member shall certify in writing if the report reflects his or her conclusion. If it does not reflect his or her conclusions, the team member shall submit a separate statement presenting his or her conclusion.
- 006.03E4 A copy of the evaluation report and the documentation of determination of eligibility shall be given to the parent.
- 006.03F Multidisciplinary Evaluation Team Written Report for a Child with a Suspected Specific Learning Disability
- 006.03F1 The MDT shall prepare a written report of the results of the evaluation.
- 006.03F2 The report shall include a statement of:
- 006.03F2a Whether the child has a specific learning disability based on the criteria contained in 92 NAC 51-006.04K and the definition found in 92 NAC 51-003.08J.
 - 006.03F2b The child's educational needs;
 - 006.03F2c The basis for making the determination;
 - 006.03F2d The relevant behavior noted during the observation of the child;
 - 006.03F2e The relationship of that behavior to the child's academic functioning;
 - 006.03F2f The educationally relevant medical findings, if any;
 - 006.03F2g The determination of the team concerning the effects of environmental, cultural, or economic disadvantage; and
 - 006.03F2h A listing of the team members.

006.04B1d A school district or approved cooperative administrator or a designated representative; and

006.04B1e The child's parent(s).

006.04B2 In order for a child to be verified as having autism, the evaluation shall include the analysis and documentation of the manifestation of severe developmental and educational problems exhibited in varying degrees of atypical behavior in each of the following areas:

006.04B2a Disturbance of developmental rates and sequence. The child's developmental profile reflects varied developmental age levels for skills. The child exhibits delays, arrests, or regressions in physical, social, sensory processing, or learning skills. Areas of precocious or advanced skill development may also be present, while other skills may develop at normal or extremely depressed rates. The order of skill acquisition frequently does not follow normal developmental patterns.

006.04B2b Disturbance of responses to sensory stimuli. The child exhibits unusual, repetitive or nonmeaningful responses to auditory, visual, olfactory, gustatory, tactile, and/or kinesthetic stimuli. The child's behavior may vary from high levels of activity and responsiveness to low levels.

006.04B2c Disturbance of cognitive processes. The child exhibits abnormalities in the thinking process and in generalization. Delayed intellectual functioning may or may not be present. In addition, one or more of the following occurs:

006.04B2c(1) Difficulties in abstract thinking, awareness, or judgment;

006.04B2c(2) Perseverative thinking; or

006.04B2c(3) Impaired ability to process symbolic information.

006.04B2d Disturbance of communication. The child exhibits a qualitative impairment in verbal and/or nonverbal communication. The impairment includes problems that extend beyond speech and language to many aspects of the communicative process. Speech and/or language are either absent, delayed, or disordered.

006.04B2e Disturbance in relating to people, events and objects. The child displays difficulties in relating to people, events and/or objects. Often the child is unable to establish and maintain reciprocal relationships with people. Their capacity to use objects in an age appropriate or functional manner may be absent, arrested, or delayed. The child responds positively to consistency in environmental events to the point of exhibiting rigidity in routines. The child displays marked distress over changes, insistence on following routines and/or a persistent occupation with or attachment to objects. The child may display a markedly restricted range of interest and/or stereotyped body movements. There may be a lack of interest or an inability to engage in imaginative activities.

006.04C Behavioral Disorder

006.04C1 The MDT shall include at least:

006.04C1e The child's parent(s).

006.04C2 A child who is verified behaviorally disordered shall demonstrate patterns of situationally inappropriate behavior which deviates substantially from the behavior of his or her age group with frequency, intensity, and duration. The child's inappropriate behavior shall interfere significantly with educational performance.

Careful documented observation of the varied activities and situations should be completed by at least one member of the multidisciplinary team other than the classroom teacher or the early childhood teacher. Documented observations should include:

006.04C4a(1) Identification of behaviors of concern, including identification of age or situationally inappropriate behaviors;

- 006.04C4a(5) Comparable data for randomly selected nonidentified peers in comparable situations.
- 006.04C4b Reported behavior. There will also be measures of reported behavior that might include information gathered through checklists or rating scales and interviews which document the perceptions of school personnel and the parent or guardian regarding the behavioral pattern of the referred child.
- 006.04C4c Setting Analysis Data. Information should be gathered through observation, anecdotal record review, setting checklists, and interviews describing the setting from which a child was referred. For a school age student, prior attempts to modify the student's educational program so as to make behavioral and academic achievement possible in the current placement should be documented.
- 006.04C4d Social-affective Assessment Data. Information about the social and emotional development of the child, including unique personal attributes, personal feelings, attitudes, perceptions, and thought processes, should be identified through child, parent and teacher interviews and other relevant procedures.

- 006.04C4f Developmental assessment data for a child birth to age five. The child must demonstrate a deficit of 1.3 standard deviations or greater in at least one of the following areas: (1) intellectual functioning; (2) communication; or (3) at least one component of adaptive behavior.
- 006.04C5 A psychiatric or psychological evaluation from an outside agency may be used as part of the evaluation data, however, the MDT shall be responsible for the consideration of all available data, including data from an outside agency.
- 006.04C6 When behavior problems can be attributed solely to another disability, the child's primary disability should not be considered to be behaviorally disordered.
- 006.04D Deaf-Blindness
- 006.04D1 The MDT shall be composed of those persons required to verify a hearing impairment (92 NAC 51-006.04F) and a visual impairment (92 NAC 51-006.04N).

006.04E2b(2)(i) When the use of standardized instruments is not applicable due to a child's need for adaptation to perform on a standardized instrument, the informed clinical opinion of qualified professionals will substantiate the significant Developmental Delay.

006.04E2b(2)(ii) Informed clinical opinion is defined as an opinion supported by procedures including clinical assessment and observation by qualified professionals to document that a child lags behind other children in reaching expected

developmental milestones for a child that age, and is not expected to achieve those milestones on the same schedule as the majority of other children. The developmental delay cannot be determined solely by standardized measures, or standardized procedures are not available for a given age or developmental area.

006.04E2b(2)(iii)

Professionals who are qualified to determine eligibility through informed clinical opinion are those individuals who have current certification, licensure or registration of their specific professions and who have been trained to use methods and procedures for evaluation and assessment of infants, toddlers, and young children, birth through age 8;

OR

Identification of a diagnosed condition

006.04E2b(3)(i)

Children who are diagnosed as having a physical or medical condition that has a high probability of resulting in Developmental Delay are also eligible for early intervention or special education and related services. Included in this group are children who need early intervention or special education and related services because of a condition that typically results in developmental delay, even though they may not exhibit a developmental delay at the time of diagnosis.

006.04E2c

The multidisciplinary team (MDT), which includes the family as participants, shall determine if a child has a significant delay in development using multiple sources of information, which shall include at least the following:

006.04E2c(i)

Information provided by the family;

006.04E2d

Children birth through age two, who may be at risk of substantial developmental delay if early intervention/special education and related services are not provided, but who currently do not meet the eligibility criteria for developmental delay, are not eligible under this category.

If there is a discrepancy of more than one (1.0) standard deviation between major composite scores, the higher score may be used as the indicator of the child's intellectual ability.

- 006.04K5c The results of the child's assessed ability level. The child's standard score in one or more major area(s) must be at least 1.3 standard deviations below the child's assessed ability level (20 standard score points). In addition, the standard score in the major area which is used to establish the qualifying discrepancy shall fall at or below 90 standard score points regardless of the discrepancy between assessed ability level and the major area. Discrepancies shall be verified in terms of standard score units rather than age or grade equivalents. The major areas are oral expression, listening comprehension, written expression, basic reading skills, reading comprehension, mathematics calculation and mathematics reasoning.
- 006.04K5d If using the Response the Intervention Process, to team shall not be required to take into consideration whether a child has a severe discrepancy between achievement and intellectual ability in oral expression, listening comprehension, written expression, basic reading skill, reading comprehension, mathematical calculation, or mathematical reasoning.
- 006.04K6 Particular attention shall be devoted to the technical adequacy of all instruments employed including the reliability of results, validity for the purposes employed, normative samples and applicability to the child being assessed.

or

006.04L5a(3)(c) A child must demonstrate multiple consonant errors resulting in connected speech which is less than 75% intelligible in known context. If intelligibility is determined to be a factor, it must be affected in at least two out of three environments (e.g., home, school, and diagnostic setting). Observations may be reported by informants, such as parents or teachers.

006.04L5b In order for a child of the ages of five and six years to be verified as a child with speech-language impairments in the area of articulation, the evaluation shall include the analysis and documentation of:

OR

006.04L5b(4) The child must demonstrate more than two consistent vowel phoneme errors, not related to dialect (excluding vocalic /r/), which are significantly affecting intelligibility.

OR

006.04L5b(5) The child must demonstrate multiple consonant errors in connected speech which is less than 75% intelligible in known context. If intelligibility is determined to be a factor, it must be affected in at least two out of three environments (e.g., home, school and diagnostic setting). Observations may be reported by informants, such as parents or teachers.

006.04L5c In order to verify a student age seven or older as a student with speech-language impairments in the area of articulation, the evaluation shall include the analysis and documentation of:

006.04L5c(1) The adverse effect the impairment has on the development or educational performance of the student.

006.04L5c(2) Articulation error(s) when compared to the Iowa-Nebraska Articulation Norms, as assessed via picture, sentence or paragraph articulation test, and whose errors occur at least 50% of the time in connected speech.

Stimulability, prognosis, student motivation, effect of condition on the student's communication in the classroom, at home with peers, dialect, and mental age must all be considered.

006.04L6 Voice

006.04L6a In order for a child to be verified as a child with speech-language impairments in the area of voice, the evaluation shall include the analysis and documentation of:

006.04L6a(1) The adverse effect the impairment has on the development or educational performance of the child.

006.04L6a(2)(e) Phonatory quality (breathiness, hoarseness and harshness).

006.04L6a(3) The team must consider and document prognosis, child motivation and the effect of the condition on the child's communication in the educational setting, at home and with peers.

006.04L6b Mild hoarseness, evidenced when history of upper respiratory disease or upper respiratory allergy exists, is not appropriate as a sole basis for verification.

006.04L7 Fluency

006.04L7a In order for a child to be verified as a child with speech-language impairments in the area of fluency, the evaluation shall include the analysis and documentation of:

006.04L7a(6) Struggle and avoidance characteristics; and

006.04L7a(7) Type and level of dysfluencies, repetitions (phrase, whole word, syllable and phoneme), prolongations and blocks (fixations).

006.04L7b Dysfluencies solely attributable to maturational levels are not appropriate for verification. The team must consider and document prognosis, child's motivation, and the effect of the condition on the child's communication in the educational setting, at home, and with peers.

006.04M Traumatic Brain Injury

006.04M1 The MDT shall include at least:

006.04M1d A school district or approved cooperative administrator or a designated representative; and

006.04M1e The child's parent(s).

006.04M2 In order for a child to be verified as having a traumatic brain injury, the evaluation shall include the analysis and documentation of:

006.04M2a A description of an event that has resulted in an acquired insult to the brain (generally provided by medical personnel or other specialist with knowledge of traumatic brain injury);

006.04M2b Evidence of impaired functioning in one or more of the following areas that has been determined to produce an adverse effect on the child's educational or developmental performance:

006.04M2b(1) Cognition (shall include, but not be limited to attention, memory/learning, organization, problem solving, abstract reasoning, communication, judgment, visual perception and auditory perception);

TITLE 92
CHAPTER 51

006.04N2c(1)(c) In addition to 92 NAC 51-006.04N2c(1)(a) and 006.04N2c(1)(b), the child shall meet the requirements of either 92 NAC 51-006.04N2c(1)(d) or 006.04N2c(1)(e), as listed below.

006.04N2c(1)(e)(iv) A peripheral visual field of 60 degrees or less in the better eye.

006.05 **Reevaluations**

006.05A A school district or approved cooperative shall ensure that a reevaluation of each child with a disability is conducted in accordance with the verification procedures in Section 006 of this Chapter:

006.05A1 if the school district or approved cooperative determines that the educational or related services needs, including improved academic achievement and functional performance, or the child warrant a reevaluation; or

006.05A2 if the child's parents or teacher requests a reevaluation.

006.05B A reevaluation shall occur:

006.05B1 not more than once a year, unless the parent and the school district or approved cooperative agree otherwise; and

006.05B2 at least once every three years, unless the parent and the school district or approved cooperative agree that a reevaluation is unnecessary.

006.06 **Review of Existing Evaluation Data**

006.06A As part of an initial evaluation (if appropriate) and as part of any reevaluation, the IEP team and other qualified professionals as appropriate, shall:

- 006.06A1 review existing evaluation data on the child, including evaluations and information provided by the parents of the child, current classroom-based local or State assessments and classroom-based observations, and observations by teachers and related services providers; and
- 006.06A2 on the basis of that review, and input from the child's parents, identify what additional data, if any, are needed to determine:
- 006.06A2a whether the child is a child with a disability, as described in 92 NAC 51-003.08, and the educational needs of the child, or, in case of a reevaluation of a child, whether the child continues to have such a disability and such educational needs ;
- 006.06A2b the present levels of academic achievement and related developmental needs of the child;
- 006.06A2c whether the child needs special education and related services, or in the case of a reevaluation of a child, whether the child continues to need special education and related services; and
- 006.06A2d whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the individualized education program of the child and to participate, as appropriate, in the general education curriculum.
- 006.06B The school district or approved cooperative shall administer such assessments and other evaluation measures as may be needed to produce the data identified by the IEP team under 92 NAC 51-006.06A2.
- 006.06C The IEP team and other qualified professionals may conduct its review without a meeting.
- 006.06D If the IEP team and other qualified professionals, as appropriate, determine that no additional data are needed to determine whether the child continues to be a child with a disability and to determine the child's educational needs the school district or approved cooperative:
- 006.06D1 shall notify the child's parents of:
- 006.06D1a that determination and the reasons for the determination; and
- 006.06D1b the right of such parents to request an assessment to determine whether the child continues to be a child with a disability and to determine the child's educational needs for the purpose of services under this Chapter.
- 006.06D2 The school district or approved cooperative shall not be required to conduct such an assessment unless requested to by the child's parents.
- 006.06E A school district or approved cooperative shall evaluate a child with a disability in accordance with this section before determining that the child is no longer a child with a disability.

006.06E1 The evaluation described in 92 NAC 51-006.06E shall not be required before the termination of a student's eligibility under this Chapter due to graduation from secondary school with a regular high school diploma, or to exceeding the age eligibility for a free appropriate public education under Neb. Rev. Stat. 79-1126. For a child whose eligibility terminates under these circumstances, a school district or approved cooperative shall provide the child with a summary of the child's academic achievement and functional performance, which shall include recommendations on how to assist the child in meeting the child's postsecondary goals.

006.07 Independent Educational Evaluation

006.07A The parents of a child with a disability have the right to obtain an independent educational evaluation of the child, subject to the provisions of 92 NAC 51-006.07.

006.07B Each school district or approved cooperative shall provide to parents, upon request for an independent educational evaluation, information about where an independent educational evaluation may be obtained, and the school district's or approved cooperative's criteria applicable for independent educational evaluations.

006.07C A parent has the right to an independent educational evaluation at public expense if the parent disagrees with an evaluation obtained by the school district or approved cooperative.

006.07C1 Public expense means that the school district or approved cooperative either pays for the full cost of the evaluation or insures that the evaluation is otherwise provided at no cost to the parent.

006.07D If a parent requests an independent educational evaluation at public expense, the school district or approved cooperative must, without unnecessary delay, either:

006.07D1 Initiate a hearing under 92 NAC 55 to show that its evaluation is appropriate; or

006.07D2 Insure that an independent educational evaluation is provided at public expense, unless the school district or approved cooperative demonstrates at a hearing under 92 NAC 55 that the evaluation obtained by the parent did not meet school district or approved cooperative criteria.

006.07E If the school district or approved cooperative initiates a hearing and the final decision is that the school district's or approved cooperative's evaluation is appropriate, the parent still has the right to an independent educational evaluation, but not at public expense.

006.07F If a parent requests an independent educational evaluation, the or approved cooperative may ask for the parent's reason why he or she objects to the public evaluation. However, the explanation by the parent may not be required and the school district or approved cooperative may not unreasonably delay either providing the independent educational evaluation at public expense or initiating a due process hearing to defend the public evaluation.

006.07G If the parent obtains an independent educational evaluation at private expense, the results of the evaluation:

TITLE 92
CHAPTER 51

006.07G1 Must be considered by the school district or approved cooperative, if it meets school district or approved cooperative criteria, in any decision made with respect to the provision of a free appropriate public education to the child; and

006.07G2 May be presented as evidence at a hearing under 92 NAC 55 regarding that child.

006.07H If a hearing officer requests an independent educational evaluation as part of a hearing, the cost of the evaluation must be at public expense.

006.07I If an independent educational evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that the school district or approved cooperative uses when it initiates an evaluation, to the extent those criteria are consistent with the parent's right to an independent educational evaluation.

006.07J Except for the criteria described in 92 NAC 51-006.07I, a school district or approved cooperative may not impose conditions or timelines related to obtaining an independent educational evaluation at public expense.

TITLE 92
CHAPTER 51

007 Individual Education Program (IEP) and Individualized Family Service Plan (IFSP)

007.01 If a determination is made that a child needs special education and related services, an individualized education program or individualized family service plan must be developed for the child. In order to fulfill the requirements of 92 NAC 51-007.01 for infants and toddlers, school districts or approved cooperative shall meet the requirements of 92 NAC 51-007.13. FAPE is provided to infants and toddlers with a disability in accordance with an IFSP, rather than an IEP. The requirements for contents of the IFSP apply rather than the requirements for the contents of an IEP. All other substantive rights and protections established under special education apply to infants and toddlers with disabilities receiving FAPE in accordance with an IFSP.

007.02 An IEP shall be developed and implemented for each resident public and nonpublic school child who receives special education and related services.

007.02A At the beginning of each school year, each school district or approved cooperative shall have an IEP in effect for each child with a verified disability within its jurisdiction.

007.02A1 In the case of a child with a disability aged 3 through 5 (or a 2-year-old child with a disability who will turn age 3 during the school year), the IEP Team shall consider the individualized family service plan that is developed in accordance with 92 NAC 51-007.13, and the individualized family service plan may serve as the IEP of the child if using that plan as the IEP is agreed to by the school district or approved cooperative and the child's parents.

007.02B Each school district or approved cooperative shall insure that an IEP is in effect before special education and related services are provided to a child with a verified disability under this Chapter and is implemented as soon as possible following the IEP meetings.

007.02C The child's IEP is accessible to each regular education teacher, special education teacher, related service provider, and other service provider who is responsible for its implementation; and

007.02D Each teacher and provider described in 92 NAC 51-007.02C must be informed of his or her specific responsibilities related to implementing the child's IEP; and the specific accommodations, modifications, and supports that must be provided for the child in accordance with the IEP.

007.03 IEP Team Participants

007.03A The school district or approved cooperative shall insure and document that each IEP team includes the following participants:

007.03A1 the parents of a child with a disability or documentation of 92 NAC 51-007.06D;

007.03A2 not less than one regular education teacher of the child (if the child is, or may be, participating in the regular education environment);

007.03A2a The regular education teacher of the child, as a member of the IEP team, shall, to the extent appropriate, participate in the development, review and revision of the IEP of the child, including assisting in the determination of appropriate positive behavioral interventions and supports, and other strategies, and the determination of supplementary aids and services, program modifications, and support for school personnel consistent with 92 NAC 51-007.07B4.

- 007.03A3 not less than one special education teacher, or where appropriate, not less than one special education provider of the child;
- 007.03A4 a representative of the school district or approved cooperative who:
- 007.03A4a is qualified to provide, or supervise the provision of, specially designed instruction to meet the unique needs of children with disabilities;
- 007.03A4b is knowledgeable about the general education curriculum; and
- 007.03A4c is knowledgeable about the availability of resources of the school district or approved cooperative;
- 007.03A4c(i) A school district or approved cooperative may designate another member of the IEP team to also serve as the school district or approved cooperative representative, if the criteria in 92 NAC 51-007.03A4 are satisfied.
- 007.03A5 an individual who can interpret the instructional implications of evaluation results, who may be a member of the team described in 92 NAC 51-007.03A2 through 007.03A6;
- 007.03A6 at the discretion of the parent or the school district or approved cooperative, other individuals who have knowledge or special expertise regarding the child, including related services personnel as appropriate;
- 007.03A6a The determination of the knowledge or special expertise of any individual described in 92 NAC 51-007.03A6 shall be made by the party (parents or school district or approved cooperative) who invited the individual to be a member of the IEP.
- 007.03A7 whenever appropriate, the child with a disability;
- 007.03A8 for students attending nonpublic schools, a representative of the nonpublic schools. If the representative cannot attend, other methods shall be used to insure participation by the nonpublic school, including individual or conference telephone calls;
- 007.03A9 for children receiving services from an approved service agency, a representative of the service agency. If the representative is not in attendance, other methods shall be used to insure participation by the approved service agency, including written communication, or individual or conference telephone calls;
- 007.03A10 for students with disabilities of any age, if the purpose of the meeting is consideration of transition services:
- 007.03A10a The student;
- 007.03A10a(i) If the student does not attend, the school district or approved cooperative shall take other steps to insure that the student's preferences and interests are considered.

007.03A10b A representative of any other agency that is likely to be responsible for providing or paying for the transition services included in the student's individualized education program.

007.03A10b(i) If an agency invited to send a representative to the meeting does not do so, the school district or approved cooperative shall take other steps to obtain the participation of the other agency in the planning of any transition services.

007.03A11 For a student verified in the category of hearing impaired, an educator endorsed to teach a child with hearing impairments.

007.03A12 For a student verified in the category of visual impairment, an educator endorsed to teach a child with visual impairments.

007.04 IEP Team Attendance

007.04A A member of the IEP Team shall not be required to attend an IEP meeting, in whole or in part, if the parent of a child with a disability and the school district or approved cooperative agree that the attendance of such member is not necessary because the member's area of the curriculum or related services is not being modified or discussed in the meeting.

007.04B A member of the IEP Team may be excused from attending an IEP meeting, in whole or in part, when the meeting involves a modification to or discussion of the member's area of the curriculum or related services, if:

007.04B1 the parent and the school district or approved cooperative consent to the excusal; and

007.04B2 the member submits, in writing to the parent and the IEP Team, input into the development of the IEP prior to the meeting.

007.04C A parent's agreement under 92 NAC 51-007.04A and consent under 92 NAC 51-007.04B1 shall be in writing.

007.05 In the case of a child who was previously served as an infant or toddler under Part C of the Individuals with Disabilities Education Act, an invitation to the initial IEP meeting shall, at the request of the parent, be sent to the Part C service coordinator or other representative of the Part C system to assist with the smooth transition of services.

007.06 Parent Participation

007.06A The school district or approved cooperative shall take steps to insure that one or both of the parents of the child with a disability are present at the IEP conference or are afforded the opportunity to participate, including:

007.06A1 Notifying parents of the IEP conference early enough to insure that they will have an opportunity to attend; and

007.06A2 Scheduling the meeting at a mutually agreed on time and place.

007.06B The notification under 92 NAC 51-007.06A1 must indicate the purpose, time and location of the meeting and who will be in attendance and inform the parents of the provisions of 92 NAC 51-007.03A6 and 007.03A6a.

007.06B1 If the purpose of the meeting is the consideration of transition services for a student (as required by 92 NAC 51-007.07B8) the notification must also:

007.06B1a Indicate that the purpose of the meeting is:

007.06B1a(i) For a student with a disability, beginning not later than the first IEP to be in effect when the student reaches age 16, consideration of the needed transition services required in 92 NAC 51-007.07B8.

007.06B1b Indicate that the school district or approved cooperative will invite the student to the meeting; and

007.06B1c Identify any other agency that will be invited to send a representative.

007.06C If neither parent can attend, the school district or approved cooperative shall use other methods to insure parent participation, including individual or conference telephone calls.

007.06D A meeting may be conducted without a parent in attendance if the school district or approved cooperative is unable to convince the parents they should attend. In this case, the district must have a record of its attempts to arrange a mutually agreed on time and place such as:

007.06D1 Detailed records of telephone calls made or attempted and the results of the calls;

007.06D2 Copies of correspondence sent to the parents and any responses received; and

007.06D3 Detailed records of visits made to the parent's home or place of employment and the results of those visits.

007.06E The school district or approved cooperative shall take whatever action is necessary to insure that the parent understands the proceedings of an IEP conference, including arranging for an interpreter for parents who are deaf or whose native language is other than English.

007.06F The school district or approved cooperative shall provide a copy of the IEP to parents at no cost.

007.06G The school district or approved cooperative shall insure that the parents of a child with a disability are members of any group that makes decisions on the educational placement of their child.

007.06G1 In implementing the requirements of 92 NAC 51-007.06G, the school district or approved cooperative shall use procedures consistent with the procedures described in 92 NAC 51-007.06A, 007.06B, and 009.01A1.

007.06G2 If neither parent can participate in a meeting in which a decision is to be made relating to the educational placement of their child, the school district or approved cooperative shall use other methods to insure their participation, including individual or conference telephone calls, or video conferencing.

007.06G3 A placement decision may be made by a group without the involvement of the parents, if the school district or approved cooperative is unable to obtain the parents' participation in the decision. In this case, the school district or approved cooperative must have a record of its attempt to insure their involvement, including information that is consistent with the requirements of 92 NAC 51-007.06D.

007.06G4 The school district or approved cooperative shall make reasonable efforts to insure that the parents understand, and are able to participate in, any group discussions relating to the educational placement of their child, including arranging for an interpreter for parents with deafness, or whose native language is other than English.

007.07 IEP Development

007.07A The Individual Education Program (IEP) is a written statement for a child with a verified disability which specifies the special education and related services necessary to assure that child a free, appropriate public education.

007.07A1 Nothing in this section shall be construed to require that additional information be included in a child's IEP beyond what is explicitly required in this section, or to require the IEP team to include information under one component of a child's IEP that is already contained in another component of such IEP.

007.07B The IEP shall include:

007.07B1 a statement of the child's present levels of academic achievement and functional performance, including:

007.07B1a how the child's disability affects the child's involvement in and progress in the general curriculum (i.e., the same curriculum as for nondisabled children); or

007.07B1b for preschool children, as appropriate, how the disability affects the child's participation in appropriate activities; and

007.07B1c for children with disabilities who take alternate assessments aligned to alternate achievement standards, a description of benchmarks or short-term objectives;

007.07B2 a statement of measurable annual goals, including academic and functional goals, designed to:

007.07B2a Meet the child's needs that result from the child's disability to enable the child to be involved in and make progress in the general education curriculum; (i.e., the same curriculum as for nondisabled children), or for preschool children, as appropriate, to participate in appropriate activities, and

007.07B2b Meet each of the child's other educational needs that result from the child's disability;

007.07B3 a description of how the child's progress toward meeting the annual goals will be measured and when periodic reports on the progress the child is making toward meeting the annual goals (such as through the use of quarterly or other periodic reports, concurrent with the issuance of report cards) will be provided;

007.07B4 a statement of the special education and related services and supplementary aids and services based on peer-reviewed research to the extent practicable, to be provided to the child, or on behalf of the child, and a statement of the program modifications or supports for school personnel that will be provided for the child:

007.07B4a to advance appropriately toward attaining the annual goals;

007.07B4b to be involved in and progress in the general curriculum and to participate in extracurricular and other nonacademic activities; and

007.07B4c to be educated and participate with other children with disabilities and nondisabled children in the activities described in 92 NAC 51-007.07B;

007.07B5 an explanation of the extent, if any, to which the child will not participate with nondisabled children in the regular class and in the activities described in 92 NAC 51-007.07B4;

007.07B6 a statement of any individual appropriate accommodations or modifications that are necessary to measure the academic achievement and functional performance of the child on state and district-wide assessments; and if the IEP team determines that the child shall take an alternate assessment on a particular district-wide assessment of student achievement, a statement of why:

007.07B6a the child cannot participate in the regular assessment ; and

007.07B6b the particular alternate assessment selected is appropriate for the child;

007.07B7 the projected date for the beginning of the services and modifications described in 92 NAC 51-007.05B4 and the anticipated frequency, location, and duration of those services and modifications;

007.07B8 beginning not later than the first IEP to be in effect when the child is 16, and updated annually thereafter:

007.07B8a appropriate measurable postsecondary goals based upon age appropriate transition assessments related to training, education, employment, and, where appropriate, independent living skills;

007.07B8b the transition services (including courses of study) needed to assist the child in reaching those goals; and

007.07B8c if a participating agency, other than the school district or approved cooperative fails to provide the transition services described in the IEP, the school district or approved cooperative shall reconvene the IEP Team to identify alternative strategies to meet the transition objectives for the child set out in the IEP.

007.07B9 The plan of transportation and any special conditions necessary for safe transport of the child with a verified disability shall be part of the IEP, when applicable.

007.07C In developing, reviewing or revising each child's IEP:

007.07C1 The IEP team shall consider the strengths of the child and the concerns of the parents for enhancing the education of their child.

- 007.07C2 The IEP team shall consider the results of the initial evaluation or most recent evaluation of the child, and the academic, developmental, and functional needs of the child.
- 007.07C3 As appropriate, the IEP team shall consider the results of the child's performance on any general state and district-wide assessment programs.
- 007.07C4 In the case of a child whose behavior impedes his or her learning or that of others, the IEP team shall consider the use of positive behavioral interventions, and supports and other strategies to address that behavior.
- 007.07C5 In the case of a child with limited English proficiency, the IEP team shall consider the language needs of the child as these needs relate to the child's IEP.
- 007.07C6 In the case of a child who is blind or visually impaired, the IEP team shall provide for instruction in Braille and the use of Braille unless the IEP team determines, after an evaluation of the child's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the child's future needs for instruction in Braille or the use of Braille), that instruction in Braille or the use of Braille is not appropriate for the child.
- 007.07C7 The IEP team shall consider the communication needs of the child, and in the case of a child who is deaf or hard of hearing, shall consider the child's language and communication needs, opportunities for direct communications with peers and professional personnel in the child's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the child's language and communication mode.
- 007.07C8 The IEP team shall consider whether the child needs assistive technology devices and services.
- 007.07D If, in considering the special factors described in 92 NAC 51-007.07C, the IEP team determines that a child needs a particular device or service (including an intervention, accommodation, or other program modification) in order for the child to receive a free appropriate public education (FAPE), the IEP team must include a statement to that effect in the child's IEP.
- 007.07E Services
- 007.07E1 Each school district or approved cooperative shall insure that the hearing aids worn in school by children who are deaf or have hearing impairments are functioning properly.
- 007.07E2 Physical education services, specially designed if necessary, must be available to every child with a verified disability receiving a free, appropriate public education.
- 007.07E2a Each child with a verified disability must be afforded the opportunity to participate in the regular physical education program available to children with disabilities unless:
- 007.07E2a(i) The child is enrolled full time in a separate facility; or

- 007.07E2a(ii) The child needs specially designed physical education as prescribed in the child's individualized education program.
- 007.07E2b If specially designed physical education is prescribed in a child's individualized education program, the school district or approved cooperative responsible for the education of that child shall provide the services directly, or make arrangements for it to be provided through other public or nonpublic programs.
- 007.07E2c The school district or approved cooperative responsible for the education of a child with a verified disability who is enrolled in a separate facility shall insure that the child receives appropriate physical education services.
- 007.07E3 Each school district or approved cooperative shall insure assistive technology devices or assistive technology services, or both, as defined in 92 NAC 51-003.04 and 003.05 are made available to any child with a disability if required, as part of the child's:
- 007.07E3a Special education under 92 NAC 51-003.59;
- 007.07E3b Related services under 92 NAC 51-003.50; or
- 007.07E3c Supplementary aids and services under 92 NAC 51-003.61 and 008.01A.
- 007.07E3d On a case by case basis, the use of school-purchased assistive technology devices in a child's home or in other settings is required if the child's IEP team determines that the child needs access to those devices in order to receive a free appropriate public education.
- 007.07E4 Extended School Year Services (ESY)
- 007.07E4a Each school district or approved cooperative shall insure that extended school year services are available as necessary to provide a free appropriate public education consistent with 92 NAC 51-007.07E4b.
- 007.07E4b Extended school year services must be provided only if a child's IEP team determines, on an individual basis, in accordance with Section 007, that the services are necessary for the provision of a free appropriate public education.
- 007.07E4c In implementing the requirements of this section, a school district or approved cooperative may not: limit extended school year services to particular categories of disability; or unilaterally limit the type, amount, or duration of those services.
- 007.07E5 The need for related services of an instructional nature shall be documented on the IEP or IFSP present level of performance, goals, and objectives, and shall be based on documented diagnostic evidence. Determination of the need for a related service for a child with a verified disability does not require the additional verification of a secondary disability.

007.08 Programs for Children who Transfer School Districts or Approved Cooperatives

007.08A Transfer within the same state – In the case of a child with a disability who transfers school districts or approved cooperatives within the same academic year, who enrolls in a new school, and who had an IEP that was in effect in Nebraska, the school district or approved cooperative shall provide such child with a free appropriate public education, including services comparable to those described in the previously held IEP, in consultation with the parents until such time as the school district or approved cooperative adopts the previously held IEP or develops, adopts, and implements a new IEP that is consistent with Federal and State law.

007.08B Transfer from outside the state – In the case of a child with a disability who transfers school districts or approved cooperatives within the same academic year, who enrolls in a new school, and who had an IEP that was in effect in another State, the school district or approved cooperative shall provide such child with a free appropriate public education, including services comparable to those described in the previously held IEP, in consultation with the parents until such time as the school district or approved cooperative conducts an evaluation, if determined to be necessary by such school district or approved cooperative and develops a new IEP, if appropriate, that is consistent with Federal and State law.

007.08C Transmittal of records – To facilitate the transition for a child who transfers schools:

007.08C1 the new school in which the child enrolls shall take reasonable steps to promptly obtain the child's records, including the IEP and supporting documents and any other records relating to the provision of special education or related services to the child, from the previous school in which the child was enrolled, pursuant to Section 99.31(a)(2) of Title 34, Code of Federal Regulations; and

007.08C2 the previous school in which the child was enrolled shall take reasonable steps to promptly respond to such request from the new school.

007.08C3 Neb. Rev. Stat. 79-2,105 requires that a copy of a public or private school's files or records concerning a student shall be provided at no charge, upon request, to any public or private school to which the student transfers.

007.09 IEP Meeting

007.09A The school district or approved cooperative is responsible for initiating and conducting meetings for the purpose of developing, reviewing and revising an IEP for a child with a verified disability.

007.09A1 Before a school district or approved cooperative places a child with a disability in, or refers a child to, a nonpublic school or facility, the school district or approved cooperative shall initiate and conduct a meeting to develop an IEP for the child in accordance with Section 007.

007.09A2 After a child with a disability enters a nonpublic school or facility, any meetings to review and revise the child's IEP may be initiated and conducted by the nonpublic school or facility at the discretion of the school district or approved cooperative.

007.09A3 If the nonpublic school or facility initiates and conducts these meetings, the school district or approved cooperative shall insure that the parents and nonpublic representative:

- 007.09A3a Are involved in any decision about the child's IEP; and
- 007.09A3b Agree to any proposed changes in the IEP before those changes are implemented.
- 007.09B An IEP meeting must be held within thirty (30) calendar days of the initial verification of the child's disability.
- 007.09C After the initial IEP meeting, IEPs must be in effect at the beginning of each school year.
- 007.09D The IEP team shall review the child's IEP periodically, but not less frequently than annually, to determine whether the annual goals for the child are being achieved.
- 007.09E In making changes to a child's IEP after the annual IEP meeting for a school year, the parent of a child with a disability and the school district or approved cooperative may agree not to convene an IEP meeting for the purposes of making such changes, and instead may develop a written document to amend or modify the child's current IEP.
- 007.09F To the extent possible, the school district or approved cooperative shall encourage the consolidation of reevaluation meetings for the child and other IEP Team meetings for the child.
- 007.09G When conducting IEP team meetings and placement meetings and carrying out administrative matters (such as scheduling, exchange of witness lists, and status conferences), the parent of a child with a disability and a school district or approved cooperative may agree to use alternative means of meeting participation, such as video conferences and conference calls.
- 007.10 The IEP team shall revise the IEP as appropriate to address:
- 007.10A any lack of expected progress toward the annual goals described in 92 NAC 51-007.07 and in the general education curriculum, where appropriate

- 007.10C the information about the child provided to, or by, the parents, as described in 92 NAC 51-006.06A1;
- 007.10D the child's anticipated needs; or
- 007.10E other matters.
- 007.11 IEP Accountability
- 007.11A School districts or approved cooperatives must provide special education and related services to a child with a disability in accordance with the child's IEP and make a good faith effort to assist the child to achieve the goals and objectives or benchmarks listed in the IEP.
- 007.11B This Chapter does not require that any school district or approved cooperative, teacher, or other person be held accountable if a child does not achieve the growth projected in the annual goals and benchmarks or objectives. However, this Chapter does not prohibit a school district or approved cooperative from establishing its own accountability systems regarding teacher, school or school district or approved cooperative performance.

TITLE 92
CHAPTER 51

007.11C Nothing in 92 NAC 51-007.11 limits a parent's right to ask for revisions of the child's IEP or to invoke due process procedures if the parent feels that the efforts required in 92 NAC 51-007.11A are not being made.

007.12 Students with Disabilities in Adult Prisons

007.12A The following requirements shall not apply to students with disabilities who are convicted as adults under State law and incarcerated in adult prisons:

007.12A2 the requirements of 92 NAC 51-007.07B8 relating to transition and planning and transition services do not apply with respect to such students who will reach age 21 before they will be eligible to be released from prison, based on consideration of their sentence and eligibility of early release.

007.12B Subject to 92 NAC 51-007.12B1, the IEP team of a student with a disability, who is convicted as an adult under State law and incarcerated in an adult prison, may modify the student's IEP or placement if the State has demonstrated a bona fide security or compelling penological interest that cannot otherwise be accommodated.

007.12B1 The requirements of 92 NAC 51-003.29 and 007.07 relating to IEPs, and 92 NAC 51- 008.01A relating to LRE, do not apply with respect to the modifications described in 92 NAC 51-007.12B.

007.13 Responsibility for Development of IFSP

007.13A In collaboration with the agency contracting for services coordination, an IFSP shall be developed and implemented for each infant or toddler who is determined to be eligible for early intervention services in accordance with Section 006. The plan must be developed in accordance with Section 007 and based on the multidisciplinary evaluation described in 92 NAC 51-006.04 and any other relevant information. The services coordinator, with the family, is responsible for arranging the team meeting, developing the IFSP team and facilitating the development of the IFSP consistent with Department of Health and Human Services' Early Intervention regulations.

007.13A1 In the event the family declines services coordination, the school district or approved cooperative, with the family, is responsible for the development of the IFSP consistent with the Department of Health and Human Services' Early Intervention regulations and 92 NAC 51-007.13.

007.13A2 If there is a dispute as to who has responsibility for developing or implementing an IFSP, the Departments of Education and Health and Human Services shall resolve the dispute or assign responsibility.

- 007.13B3b Whether modifications or revisions of the outcomes or services are necessary.
- 007.13B4 A statement of the specific early intervention services based on peer-reviewed research, to the extent practicable, necessary to meet the unique needs of the child and the family including:
- 007.13B4a The frequency, intensity, and method of delivering the services;
- 007.13B4a(i) frequency and intensity mean the number of days or sessions that a service will be provided, the length of time the service is provided during each session, and whether the service is provided on an individual or group basis; and
- 007.13B4a(ii) method means how a service is provided.
- 007.13B4b The natural environments in which early intervention services will be provided, including a justification of the extent, if any, to which the services will not be provided in a natural environment;

- 007.13B5a This requirement does not apply to routine medical services (e.g., immunizations and "well-baby" care), unless a child needs those services and the services are not otherwise available or being provided.
- 007.13B6 The projected date(s) for initiation of the service(s) which must begin as soon as possible after the IFSP meeting.
- 007.13B7 The anticipated duration of those services.

007.14B A meeting must be conducted on at least an annual basis to evaluate the IFSP for a child and the child's family, and, as appropriate, to revise its provisions. The results of any current evaluations and other information available from the ongoing assessment of the child and family, must be used in determining what services are needed and will be provided. Parents shall receive a copy of the IFSP within seven calendar days of the IFSP meeting.

007.14C IFSP meetings must be conducted:

007.14C1 In settings and at times that are convenient to families; and

007.14C2 In the native language of the family or other mode of communication used by the family, unless it is clearly not feasible to do so.

007.14D Meeting arrangements must be made with, and written notice provided to, the family and other participants early enough before the meeting date to ensure that they will be able to attend.

007.14E The contents of the IFSP must be fully explained to the parents and informed written consent from the parents must be obtained prior to the provision of early intervention services described in the plan.

007.14E1 If the parents do not provide consent with respect to a particular early intervention service or withdraw consent after first providing it, that service may not be provided.

007.14E2 The early intervention services to which parental consent is obtained must be provided.

007.15 IFSP Periodic Reviews

007.15A A review of the IFSP for a child and the child's family must be conducted every six months, or more frequently if conditions warrant, or if the family requests such a review. The purpose of the periodic review is to determine:

007.15A1 The degree to which progress toward achieving the outcomes is being made; and

007.15A2 Whether modifications or revision of the outcomes or services is necessary.

007.17 Early Intervention Transition

007.17A The agency contracting for services coordination is responsible for convening, with the approval of the child's family, a conference including the family, school district or approved cooperative and other agencies as needed at least 90 days (and at the discretion of all such parties, up to nine months) before the child's third birthday or at least 90 days before completion of the early intervention program. The purpose of the meeting is to:

007.17A1 Insure a smooth and effective transition to preschool programs assisted under Part B of the IDEA to the extent those services are appropriate, or other services that may be available, if appropriate;

007.17A2 Review the child's program options for the period from the child's third birthday through the remainder of the school year;

007.17A3 Describe how the family will be included in the transition plans; and

007.17A4 Establish a transition plan.

007.17B In the case of a child who has reached his or her third birthday, an IFSP that contains the material described in 92 NAC 51-007.13 and that is developed in accordance with 92 NAC 51-007.02, 007.03, 007.06, 007.07C, 007.09, 007.10 and 007.11 may serve as the IEP of the child if using that plan is agreed to by the school district or approved cooperative and the child's parents.

007.17B1a provide the child's parents a detailed explanation of the differences between an IFSP and an IEP; and

007.17B1b if the parents choose an IFSP, obtain written informed consent from the parents.

007.18 Provision of Early Intervention Services Before the Evaluation and Assessment Is Complete

007.18A Early intervention services for the purpose of completion of the evaluation and assessment for a child and the child's family may commence before the completion of the evaluation if the following conditions are met:

007.18A1 Parental consent is obtained.

TITLE 92
CHAPTER 51

- 007.18A2 An interim IFSP is developed that includes:
- 007.18A2a the name of the service coordinator who will be responsible for implementation of the interim IFSP and coordination with other agencies and persons; and
 - 007.18A2b the early intervention services that have been determined to be needed immediately by the child and the child's family.
- 007.18A3 The evaluation and assessment are completed within the 45 day time period.

007.19 Year Round Continuous Services

- 007.19A Early Intervention Services may not be interrupted or modified or otherwise changed for reasons unrelated to the child's needs such as service provider availability or scheduling.

008 Placement of Children With Disabilities

008.01 Least Restrictive Environment (LRE) Requirements

008.01A The school district shall establish policies and procedures to assure that, to the maximum extent appropriate, children with disabilities including children in public or nonpublic schools and approved service agencies are educated with children who are not disabled, and that special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only when the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

008.01B Before any action is taken with respect to the initial placement of a child with disabilities, the school district or approved cooperative shall be responsible for the provision of a comprehensive individual multidisciplinary evaluation of the child's development and educational needs. For infants and toddlers, early intervention services may begin prior to completion of a full and individual initial evaluation in accordance with 92 NAC 51-007.18.

008.01C In interpreting the information on the child's individual education plan (IEP) or IFSP to make placement decisions, each school district shall:

008.01C1 Draw upon the information from the child's present level of development or educational performance, physical condition, social or cultural background and adaptive behavior;

008.01C2 Insure that information obtained from all of these sources is documented and carefully considered;

008.01C3 Insure that the placement decision is made by a group of persons, including persons knowledgeable about the child, the meaning of the evaluation data, and the placement options; and

008.01C4 Insure that the placement decision is made in conformity with the least restrictive environment requirements in 92 NAC 51- 008.01 and based on the child's unique needs and not on the child's disability.

008.01D Each school district or approved cooperative shall assure an array of special education placement options are available. Those options shall include: instruction in regular classes; supplemental services such as resource room; itinerant instruction or consultative services to be provided in conjunction with regular class placement; special classes; special schools; home instruction and instruction in hospitals and institutions.

008.01E The school district shall insure that the educational placement of a child with a verified disability:

008.01E1 Is determined at least annually;

008.01E2 Is based on his or her individual education program (IEP); and

008.01E3 Is as close as possible to the child's home.

008.01F The various array of placement options included under 92 NAC 51-008.01D must be available to the extent necessary to implement the individual education program for each child with a verified disability;

TITLE 92
CHAPTER 51

008.01G Unless a child's IEP or IFSP requires some other arrangement, the child must be educated in the school which he or she would attend if not disabled.

008.01H In selecting the least restrictive environment, consideration must be given to any potential harmful effect on the child or on the quality of services which he or she needs.

008.01H1 A child with a disability must not be removed from education in age-appropriate regular classrooms solely because of needed modifications in the general curriculum.

008.01I The school district shall take steps to provide nonacademic and extracurricular services and activities including meals and recess periods, in the manner necessary to afford each school age student with a verified disability an equal opportunity for participation in those services and activities with students who are not disabled to the maximum extent appropriate to meet the needs of each child.

008.01I1 Nonacademic and extra-curricular services and activities may include counseling services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the school district or approved cooperative, referrals to agencies that provide assistance to individuals with disabilities, and employment of students, including both employment by the school district or approved cooperative and assistance in making outside employment available.

008.02 Placement Requirements

008.02A School districts may place a child with verified disabilities in special education programs provided;

008.02A1 Written consent to initially place the child in the proposed program is obtained from the parent; or

008.02A2 An order to place the child in the proposed program is obtained from a Department of Education appointed hearing officer or court of competent jurisdiction.

008.03 Natural Environments

008.03A To the maximum extent appropriate to the needs of the child, early intervention services must be provided in natural environments including home and community settings in which children without disabilities participate.

008.03B The provision of early intervention services for any infant or toddler may occur in a setting other than a natural environment only if early intervention cannot be achieved satisfactorily for the infant or toddler in a natural environment.

TITLE 92
CHAPTER 51

009 Procedural Safeguards

009.01 Meeting Notification and Accessibility and Confidentiality of Records

009.01A School districts shall provide notification consistent with 92 NAC 51-007.06 to insure that parents of children with disabilities have the opportunity to participate in meetings for the purposes of identification, evaluation, educational placement and FAPE.

009.01A1 A meeting does not include informal or unscheduled conversations involving school district personnel and conversations on issues such as teaching methodology, lesson plans, or coordination of service provision if those issues are not addressed in the child's IEP. A meeting also does not include preparatory activities that school district personnel engage in to develop a proposal or response to a parent proposal that will be discussed at a later meeting.

009.01B All school districts, approved cooperatives, and provisionally approved service providers with whom the school district shares personally identifiable data shall be bound by the accessibility and confidentiality requirements of this section.

009.01C The parents of a child with a disability or the child with a disability, if the child has attained eighteen years of age, (type and severity of the child's disability shall be taken into consideration) shall be afforded an opportunity to inspect and review all education records with respect to the identification, evaluation, and educational placement of the child and the provision of a free appropriate public education to the child or the provision of early intervention services to infants and toddlers.

009.01D Access Rights

009.01D1 Each participating agency shall permit parents to inspect and review any education records relating to their children which are collected, maintained or used by the participating agency. The participating agency shall comply with such a request without unnecessary delay and before any meeting regarding an individualized education program or hearing relating to the identification, evaluation, or placement of the child, and in no case more than 45 days after the request has been made.

009.01D1a As used in 92 NAC 51-009.01, participating agency means any agency or institution that collects, maintains or uses personally identifiable information or, from which, information is obtained under this Chapter.

009.01D2 The right to inspect and review education records includes:

009.01D2a The right to a response from the participating agency to reasonable requests for explanations and interpretations of the records; and

009.01D2b The right to request that the participating agency provide copies of the records containing the information if failure to provide those copies would effectively prevent the parent from exercising the right to inspect and review the records; and

009.01D2c The right to have a representative of the parent inspect and review the records.

009.01D3 A service agency may presume that the parent has authority to inspect and review records relating to his or her child unless the service agency has been advised that the parent does not have the authority under applicable Nebraska law governing such matters as guardianship, separation and divorce.

009.01E Record of Access

009.01E1 Each participating agency shall keep a record of parties obtaining access to education records collected, maintained, or used (except access by parents and authorized employees of the participating service agency), including the name of the party, the date access was given, and the purpose for which the party is authorized to use the records.

009.01F Records On More Than One Child

009.01F1 If any education record includes information on more than one child, the parents of those children shall have the right to inspect and review only the information relating to their child or to be informed of that specific information.

009.01G List of Types and Locations of Information

009.01G1 Each participating agency shall provide parents on request a list of the types and locations of education records collected, maintained, or used by the participating agency.

009.01H Fees

009.01H1 A participating agency may charge a fee for copies of records which are made for parents if the fee does not effectively prevent the parents from exercising their right to inspect and review those records.

009.01H2 A participating agency may not charge a fee to search for or to retrieve information.

009.01I Amendment of Records at Parent's Request

009.01I1 A parent who believes that information in education records collected, maintained, or used is inaccurate, or misleading, or violates the privacy or other rights of the child, may request the participating agency which maintains the information to amend the information.

009.01I2 The participating agency shall decide whether to amend the information in accordance with the request within a reasonable period of time of receipt of the request.

009.01I3 If the participating agency decides to refuse to amend the information in accordance with the request, it shall inform the parents of the refusal, and advise the parent of the right to a local administrative review to be conducted in accordance with 34 CFR 99.22.

009.01J Opportunity for a Local Administrative Review

009.01J1 The participating agency shall, on request, provide an opportunity for a local administrative review to challenge information in education records to insure that it is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the child.

009.01K Result of Local Administrative Review

009.01K1 If, as a result of the local administrative review, the participating agency decides that the information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the child, it shall amend the information accordingly and so inform the parent in writing.

009.01K2 If, as a result of the local administrative review, the participating agency decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the child, the participating agency shall inform the parent of the right to place in the records the participating agency maintains on the child, a statement commenting on the information or setting forth any reasons for disagreeing with the decision of the participating agency.

009.01K3 Any explanation placed in the records of the child must:

009.01K3a Be maintained by the participating agency as part of the records of the child as long as the record or contested portion is maintained by the participating agency; and

009.01K3b If the records of the child or the contested portion is disclosed by the participating agency to any party, the explanation must also be disclosed to the party.

009.01L Consent for Release of Records

009.01L1 Parental consent must be obtained before personally identifiable information is disclosed to anyone other than officials of the service agency collecting or using the information unless specifically not required in the Family Education Rights and Privacy Act and its implementing regulations, 34 CFR Part 99.

009.01M Safeguards

009.01M1 Each participating agency shall protect the confidentiality of personally identifiable information at collection, storage, disclosure, and destruction stages.

009.01M2 One official at each participating agency shall assume responsibility for insuring the confidentiality of any personally identifiable information.

009.01M3 All persons collecting or using personally identifiable information must receive training or instruction regarding the state's policies and procedures.

009.01M4 Each participating agency shall maintain, for public inspection, a current listing of the names and positions of those employees within the participating agency who may have access to personally identifiable information.

009.01N Records Regarding Migratory Children with Disabilities

009.01N1 The school district or approved cooperative shall cooperate in the Federal Secretary of Education's efforts under Section 613(a)(9) of the Individuals with Disabilities Education Act of 2004 (See Appendix A) to ensure the linkage of records pertaining to migratory children with a disability for the purpose of electronically exchanging among the States, health and education information regarding such children.

009.01O Retention and Destruction of Information and Records

009.01O1 The participating agency shall retain special education records for five (5) years after the completion of the activities for which special education funds were used.

009.01O2 The participating agency shall inform parents when personally identifiable information collected, maintained, or used is no longer needed to provide educational services to the child.

009.01O3 The information which is no longer necessary to provide educational services to the child, must be destroyed at the request of the parents. However, a permanent record of a student's name, address, and phone number, his or her grades, attendance record, classes attended, grade level completed, and year completed may be maintained without time limitation.

009.02 Procedural Timelines

009.02A For all students except for infants and toddlers, each of the procedural steps necessary to provide a free appropriate public education shall be carried out within the specified time periods.

009.02A1 Referral, notice to parents (See 92 NAC 51-009.03), and parental consent, shall be completed within a reasonable period of time. The initial multidisciplinary team evaluation shall be completed within 60 days of receiving parental consent for the evaluation.

009.02A1a The 60-day timeline shall not apply to a school district or approved cooperative if:

009.01A1a(i) a child enrolls in a school served by the school district or approved cooperative after the relevant timeline in 92 NAC 51-009.02A1 has begun and prior to a determination by the child's previous school district or approved cooperative as to whether the child is a child with a disability, but only if the subsequent school district or approved cooperative is making sufficient progress to ensure a prompt completion of the evaluation, and the parent and subsequent school district or approved cooperative agree to a specific time when the evaluation will be completed; or

009.01A1a(ii) the parent of a child repeatedly fails or refuses to produce the child for the evaluation.

009.02A2 Upon completion of a multidisciplinary team verification decision, school districts or approved cooperative shall provide a reasonable notification and conduct an individual education program conference within 30 calendar days. Parental consent for initial placement shall be requested within five school days of the IEP conference.

009.02A3 Special education placement shall be completed within five (5) school days of receipt of parental consent.

TITLE 92
CHAPTER 51

009.02B For infants and toddlers each of the procedural steps necessary to provide early intervention services shall be carried out within the specific time periods.

009.02B1 A referral must be made by the school district to the agency responsible for providing services coordination in the Planning Region within two working days of the district becoming aware of an infant or toddler who may be eligible for services.

009.02B2 Notice to parents (See 92 NAC 51-009.03) and parental consent shall be completed within a reasonable period of time.

009.02B3 A multidisciplinary team evaluation must be completed within 45 calendar days from the date of referral. In the event of exceptional circumstances of the family that make it impossible to complete the evaluation within the 45 days, the school district will document those circumstances, inform the parent of the time estimated by the district to complete the evaluation, and develop and implement an interim IFSP as necessary.

009.02B4 Upon completion of a multidisciplinary team verification decision, and within 45 days of the referral, school districts shall participate in an individual family service plan conference.

009.02B5 Special education placement shall be completed within five school days of receipt of parental consent.

009.03 Prior Written Notice

009.03A School districts or approved cooperatives shall provide a copy of the procedures specified in this Chapter for complaints and 92 NAC 55 for hearings to the parent of each child who is evaluated by the multidisciplinary evaluation team for possible initial verification.

009.03B Prior written notice shall be given to the parents of a child with a disability a reasonable time before a school district:

009.03B1 Proposes to initiate or change the identification, evaluation, or educational placement of a child or the provision of a free appropriate public education; or

009.03B1a If the notice described in 92 NAC 51-009.03B relates to an action proposed by the school district that also requires parental consent under 92 NAC 51-009.05, the school district may give notice at the same time it requests parent consent.

009.03B2 Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to the child.

009.03C Such prior written notice shall include:

009.03C1 A description of the action proposed or refused by the school district;

009.03C2 An explanation of why the district proposes or refuses to take the action;

 - 009.03E1 That the notice is translated orally or by other means to the parents in his or her native language or other mode of communication;
 - 009.03E2 That the parents understand the content of the notice; and
 - 009.03E3 That there is written evidence that the requirements of this section have been met.
- 009.04 Procedural Safeguards Notice
 - 009.04A A copy of the procedural safeguards available to the parents of a child with a disability shall be given by the school district or approved cooperative to the parents only once per year, except that a copy shall also be given to the parents:

 - 009.05A3 Initial placement of a child with disabilities in a program providing special education and related services or early intervention services to infants and toddlers.
 - 009.05B Parental consent for evaluation shall not be construed as consent for initial placement described in 92 NAC 51-009.05A3.
 - 009.05C Parental consent is not required before:
 - 009.05C1 Reviewing existing data as part of an evaluation or reevaluation; or
 - 009.05C2 Administering a test or other evaluation that is administered to all children unless, before administration of that test or evaluation, consent is required of parents of all children.
 - 009.05D Informed parental consent need not be obtained for reevaluation if the school district can demonstrate that it has taken reasonable measures to obtain that consent, and the child's parent has failed to respond.
 - 009.05D1 To meet the reasonable measures requirement in 92 NAC 51-009.05E, the school district must use procedures consistent with those in 92 NAC 51-007.06D.

TITLE 92
CHAPTER 51

009.05E A school district may not use a parent's refusal to consent to one service or activity under 92 NAC 51-009.05 to deny the parent or child any other service, benefit, or activity of the school district, except as required by this Chapter.

009.06 Parental Refusal to Consent

009.06A If the parent does not provide consent for an initial evaluation or the parent fails to respond to a request to provide the consent, the school district or approved cooperative may pursue the initial evaluation of the child by utilizing the procedures described in Section 009.

009.06A1 If the parent refuses to consent to services, the local school district or approved cooperative shall not provide special education and related services to the child by utilizing the procedures described in Section 009.

009.06A2 If the parent refuses to consent to the receipt of special education and related services, or the parent fails to respond to a request to provide such consent:

009.06A2a the school district or approved cooperative shall not be considered to be in violation of the requirement to make available a free appropriate public education to the child for the failure to provide such child with the special education and related services for which the school district or approved cooperative requests such consent; and

009.06A2b the school district or approved cooperative shall not be required to convene an IEP meeting or develop an IEP under this section for the child for the special education and related services for which the school district or approved cooperative requests such consent.

009.06B For infants and toddlers, if consent is not given, the school district or approved cooperative shall make reasonable efforts to ensure that the parents:

009.06B1 are fully aware of the nature of the evaluation or the services that will be available; and

009.06B2 understand that the child will not be able to receive the evaluation or services unless consent is given.

009.06C The parents of an infant or toddler may determine that they, their child, or other family members will accept or decline any early intervention service, and may decline such a service after first accepting it, without jeopardizing other early intervention services.

009.06D If the hearing officer or any court hearing an appeal therefrom, upholds the school district or approved cooperative and if the time for further appeal has expired, the school district or approved cooperative may evaluate or initially place a child with a disability in a special education program and related services without parental consent and the school district may refuse to provide or pay for any further inappropriate educational program.

TITLE 92
CHAPTER 51

009.07 Consent for Wards of the State

009.07A If the child is a ward of the State and is not residing with the child's parent, the school district shall make reasonable efforts to obtain the informed consent from the parent (as defined in Section 003) of the child for an initial evaluation to determine whether the child is a child with a disability.

009.07B The school district shall not be required to obtain informed consent from the parent of a child for an initial evaluation to determine whether the child is a child with a disability if:

009.07B1 despite reasonable efforts to do so, the school district cannot discover the whereabouts of the parent of the child;

009.07B2 the rights of the parents of the child have been terminated in accordance with State law; or

009.07B3 the rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the child.

009.08 Appointment of Surrogates

009.08A Each school district shall insure that the rights of a child with a disability are protected if:

009.08A1 No parent can be identified;

009.08A2 The school district, after reasonable efforts, cannot discover the whereabouts of the parents; or

009.08A3 The child is an unaccompanied homeless youth; or

009.08A4 The child is a ward of the state or court.

009.08A4a If a child who is a ward of the State, such surrogate may alternatively be appointed by the judge overseeing the child's care provided that the surrogate meets the requirements of this paragraph.

009.08B The duty of the school district under 92 NAC 51-009.08A includes the assignment of an individual to act as a surrogate for the parents. This must include a method;

009.08B1 for determining whether a child needs a surrogate parent and,

009.08B2 for assigning a surrogate parent to the child.

009.08C The school district may select a surrogate parent in any way permitted under State law and the district or approved cooperative shall make reasonable efforts to ensure the assignment of a surrogate not more than 30 calendar days after there is a determination that the child needs a surrogate.

009.08D In order to qualify, a surrogate must be a person who:

009.08D1 Has no interest that conflicts with the interest of the child he or she represents;

TITLE 92
CHAPTER 51

009.08D2 has knowledge and skills that insure adequate representation of the child; and

009.08D3 Is not an employee of any public agency which is involved in the education or care of the child. A person who otherwise qualifies to be a surrogate parent is not an employee of the agency solely because he or she is paid by the agency to serve as a surrogate parent.

009.08D3a For infants and toddlers, a person assigned as a surrogate parent may not be an employee of any State agency; or a person, or an employee of a person, providing early intervention services to the child or to a family member of the child. A person who otherwise qualifies to be a surrogate parent under this Subsection is not an employee solely because he or she is paid by a public agency to serve as a surrogate parent.

009.08E The surrogate may represent the child in all matters relating to:

009.08E1 The identification, evaluation, and educational placement of a child; and

009.08E2 The provision of a free appropriate public education to the child.

009.08E3 For infants and toddlers, a surrogate parent may represent a child in all matters related to:

009.08E3a The evaluation and assessment of the child;

009.08E3b Development and implementation of the child's IFSP including annual evaluations and periodic review;

009.08E3c The ongoing provision of early intervention services to the child; and

009.08E3d Any other rights established under this Chapter.

009.08F The services of the surrogate parent shall be terminated when:

009.08F1 The child is no longer eligible for a surrogate parent under 92 NAC 51-009.08A;

009.08F2 A conflict of interest develops between the interest of the child and the interest of the surrogate parent; or

009.08F3 The surrogate parent fails to fulfill his or her duties as a surrogate parent.

009.08G Issues arising from the selection, appointment, or removal of a surrogate parent shall be resolved through hearings established under 92 NAC 55.

009.08H The surrogate parent and the school district or approved cooperative which appointed the surrogate parent shall not be liable in civil actions for damages for acts of the surrogate parent unless such acts constitute willful and wanton misconduct.

009.09 Complaint Procedures

- 009.09A An organization or individual may file a complaint regarding alleged violation of requirements set forth in Special Education Rules. The complaint shall be submitted to the Department of Education, Special Education Office, in writing. The written, signed complaint must contain a statement that a school district has violated a requirement of this Chapter and the facts on which the statement is based. If the complaint can be determined to be related to a violation of Special Education Rule(s), the following procedures will be carried out:
- 009.09A1 Within fourteen (14) calendar days of receipt of the written, signed complaint, an assigned Special Education Office official shall notify in writing each complainant and the service agency against which the violation has been alleged, that the complaint has been received. This written notification shall include a copy of the complaint and the substance of the alleged violation. The service agency shall have fourteen (14) calendar days to submit a written response.
- 009.09A2 Special Education Office officials will investigate each complaint received from an individual or organization (including an individual or organization from another state) to determine whether there has been a failure to comply with these rules and may require further written or oral submission of information by all parties and may conduct an independent on-site investigation if necessary. The complainant will have the opportunity to submit additional information either orally or in writing, about the allegation.
- 009.09A3 Within sixty (60) calendar days of receipt of a signed written complaint, the Department of Education Special Education Office will review all relevant information and provide written notification of findings of facts and conclusions and the basis for such findings to all parties involved.
- 009.09A4 If, as a result of extenuating circumstances, the Department of Education Special Education Office is not able to complete the investigation within the sixty (60) calendar days, an extension period of forty-five (45) calendar days will be implemented. The Department of Education Special Education Office will notify the person filing the complaint and the service agency of the 45 days extension.
- 009.09A5 If it is determined there has been a failure to comply, there will be included in the notification of findings the specific steps which must be taken by the service agency to bring the service agency into compliance, including technical assistance, negotiations and corrective actions. The notification shall also set forth a reasonable period of time to voluntarily comply.
- 009.09A6 If the service agency does not demonstrate compliance within the period of time set forth in the notice of findings, the matter will be subject to the procedures outlined in 92 NAC 51-004.09.
- 009.09A7 If a written complaint is received that is also the subject of a due process hearing under 92 NAC 55, or contains multiple issues of which one or more are part of that hearing, the Special Education Office officials shall set aside any part of the complaint that is being addressed in the due process hearing, until the conclusion of the hearing. However, any issue in the complaint that is not a part of the due process action must be resolved using the time limit and procedures described in 92 NAC 51-009.09.

TITLE 92
CHAPTER 51

009.09A8 If an issue is raised in a complaint filed under this 92 NAC 51-009.09 that has previously been decided in a due process hearing involving the same parties:

009.09A8(a) The hearing decision is binding; and

009.09A8(b) The Nebraska Department of Education must inform the complainant to that effect.

009.09A9 A complaint alleging a school district's failure to implement a due process decision must be resolved by the Nebraska Department of Education.

009.09A10 The complaint must allege a violation that occurred not more than one year prior to the date that the complaint is received unless a longer period is reasonable because the violation is continuing, or the complainant is requesting compensatory services for a violation that occurred not more than three years prior to the date the complaint is received.

009.10 Mediation

009.10A School districts shall implement the procedures established in Section 009 to allow parties to resolve disputes involving any matter described in 92 NAC 51-009.03B1 and 009.03B2 including matters arising prior to the filing of a due process hearing petition through a mediation process which, at a minimum, shall be available whenever a hearing is requested under 92 NAC 55.

009.10A1 The procedures for seeking mediation initiated by either the parent(s) or school district include:

009.10A1a contacting the Nebraska Office of Dispute Resolution who will

009.10A1b arrange a meeting, invite both parties and conduct the mediation in an attempt to resolve the dispute.

009.10B The procedures shall insure that the mediation process:

009.10B1 is voluntary on the part of the parties;

009.10B2 is not used to deny or delay a parent's right to a due process hearing under 92 NAC 55, or to deny any other rights afforded under this Chapter; and

009.10B3 is conducted by a qualified and impartial mediator who is trained in effective mediation techniques.

009.10C The school district may implement the procedures in Section 009 to offer parents and schools that choose not to use the mediation process an opportunity to meet, at a time and location convenient to the parents, with a disinterested party who is under contract with:

009.10C1 a parent training and information center or community parent resource center in this State established under Section 671 or 672 of the IDEA, or

009.10C2 an appropriate alternative dispute resolution entity to encourage the use, and explain the benefits of the mediation process to the parents.

TITLE 92
CHAPTER 51

- 009.10D The Nebraska Department of Education shall maintain a list of individuals who are qualified mediators and knowledgeable in laws and regulations relating to the provision of special education and related services for use by school districts and parents.
- 009.10D1 If a mediator is not selected on a random basis (e.g., a rotation basis from the list described in 92 NAC 51-009.10D), both parties must be involved in selecting the mediator and agree with the selection of the individual who will mediate.
- 009.10E The Nebraska Department of Education shall bear the cost of the mediation process, including the costs of meetings described in 92 NAC 51-009.10C.
- 009.10F Each session in a mediation process shall be scheduled in a timely manner and shall be held in a location that is convenient to the parties to the dispute.
- 009.10G In the case that a resolution is reached to resolve the complaint through the mediation process, the parties shall execute a legally binding agreement that sets forth such resolution and that:
- 009.10G1 states that all discussions that occurred during the mediation process shall be confidential and may not be used as evidence in any subsequent due process hearing or civil proceeding;
- 009.10G2 is signed by both the parent and a representative of the agency who has the authority to bind such agency; and
- 009.10G3 is enforceable in any State court of competent jurisdiction or in a district court of the United States.
- 009.09H Discussions that occur during the mediation process shall be confidential and may not be used as evidence in any subsequent due process hearings or civil proceedings.
- 009.10I An individual who serves as a mediator under 92 NAC 51-009.10:
- 009.10I1 May not be an employee of:
- 009.10I1a Any school district or approved cooperative or state agency; or
- 009.10I1b An agency that is providing direct services to a child who is the subject of the mediation process; and
- 009.10I1c Must not have a personal or professional conflict of interest.

012 School District Application and Payment Process for IDEA Flow-Through Allocations

012.01 General Information

012.01A Except for purposes specified in 92 NAC 51-012.07A, IDEA allocations are to be used by school districts in accordance with state requirements necessary to provide a free appropriate public education to children with disabilities.

012.01B The special education Assurances and Application of a school district and approved cooperative shall be submitted to the Special Education Office. Any amendments in the Assurances and Application shall be subject to the same review as the initial Assurances and Application.

012.01C Maintenance of Effort

012.01C1 A school district may not use IDEA flow-through funds to reduce the level of expenditures below the preceding year's special education expenditures.

012.01C2 A school district may use up to 50% of the amount received under IDEA that exceeds the amount received under IDEA the previous year to assist with meeting maintenance of effort.

012.01C3 Exceptions for a school district not meeting IDEA maintenance of efforts requirements as per federal regulations are:

012.01C3a the school district has reduced special education personnel costs because staff has been replaced with qualified staff earning lower salaries;

012.01C3b the school district has a decrease in enrollment of children with disabilities;

012.01C3c the school district is no longer responsible for a high cost needs child(ren) with a disability; and

012.01C3d the school district has terminated a long-term special education purchase(s).

012.01D Notice and Opportunity for a Hearing Before Disapproval of an Application for IDEA Flow-through Allocations

012.01D1 The Nebraska Department of Education will provide an opportunity for a hearing prior to disapproving an application for special education funds for failure of the application to meet the requirements of the Individuals with Disabilities Education Act and its implementing regulations.

012.01D2 The school district or approved cooperative shall request a hearing in writing within 30 calendar days of receipt of the notice provided indicating that the Special Education Office intends to recommend disapproval of the school district's or approved cooperative's application. Within 30 days after it receives a request, the Nebraska Department of Education shall hold a hearing on the record and shall review its decision.

012.01D3 Not later than 10 days after the hearing, the Nebraska Department of Education shall issue a written ruling, including the findings of fact and reasons for the ruling.

012.01D4 If the Nebraska Department of Education finds the proposed disapproval of the school district's or approved cooperative's application was contrary to the Individuals with Disabilities Education Act and its implementing regulations or the Nebraska Special Education Act and its implementing regulations, the Department shall approve the application.

012.01D5 If the Nebraska Department of Education disapproves the school district's or approved cooperative's application, the school district or approved cooperative may appeal to the U.S. Secretary of Education. The school district or approved cooperative shall file a notice for appeal within 20 days after the school district or approved cooperative has been notified by the Nebraska Department of Education of the results of the hearing. If supported by substantial evidence, the findings of the Nebraska Department of Education shall be final.

012.01D6 The Nebraska Department of Education will make available at reasonable times and places all records of the Department pertaining to any review or appeal the school district or approved cooperative is conducting under 34 CFR 76.401 including records of other school districts or approved cooperatives.

012.02 IDEA Base Flow-through Allocation

012.02A First priority for use of the school district IDEA base flow-through allocation is early childhood special education (Below Age Five programs and transportation).

012.02A1 IDEA base flow-through allocation can be considered in calculating the maximum amount of funds available under 92 NAC 51-012.07A.

012.02B The IDEA base flow-through allocation is distributed to school districts based on the federally determined special education child count.

012.02C The fiscal year for early childhood special education programs shall be September 1 to August 31.

012.03 The following additional reports shall be submitted to the Department of Education for early childhood special education (Below Age Five):

012.03A Final Financial Reports

012.03A1 The Department of Education shall make payments to school districts in seven approximately equal monthly payments beginning in December of each year. If applicable, a supplemental final grant payment will be made to qualifying school districts based on the Below Age Five final financial reports submitted to the Department of Education which shall include the following:

012.03A1a allowable expenditures for the appropriate school fiscal year;

012.03A1b a list of all special education staff and their FTE;

012.03A1c tuition received from contracts and other sources;

012.03A1d certification of authorized officer of the school board or authorized official of an approved cooperative that the reported expenditures have been paid; and

012.03A1e a copy of the billings from the service agencies for contracted programs.

TITLE 92
CHAPTER 51

012.03A2 Final financial reports shall be submitted to the Department of Education on or before October 1 of each year for the preceding fiscal year.

012.03A3 A school district or approved cooperative paid for ineligible expenditures shall be required to return to the Department of Education the amount determined to be ineligible or the amount shall be deducted from subsequent special education payments.

012.03A4 The Department of Education shall withhold any payments provided under Neb. Rev. Stat. 79-1132 to school districts or approved cooperatives which, after final determination, received funds in excess of the appropriate allocation for the previous year(s). Payments which are withheld shall be no greater than the amount of overpayment. The Department of Education shall maintain an accurate account and a record of the reasons for such overpayments and the manner in which adjustments were made.

012.03A5 Allowable costs incurred for children with disabilities below age five shall be considered as total excess cost. The State Department of Education shall provide grants for the costs of the special education programs approved by the State Department of Education to the school district of residence for children with disabilities who are less than five years of age. The grants shall be one hundred percent of the costs of such programs and shall continue to be one hundred percent as long as the funding for such grants comes from federal funds. If federal funding pursuant to the Individuals with Disabilities Education Act, Part B and section 619 base flow-through allocation funds are inadequate at any time to pay one hundred percent of the allowable costs of such programs and transportation, the amount of the grant payments provided by the department shall be a pro rata amount as determined by the State Board of Education from appropriations for special education approved by the Legislature and based on such allowable costs for all special education programs and transportation to children with disabilities who are less than five years of age.

012.03A5a An educational service unit, cooperative, or regional planning entity recognized by the State Board of Education pursuant to Neb. Rev. Stat. 79-1135 may receive grant funding if a school district authorizes through a signed certification the release of all or a portion of the school district IDEA allocation to said entity.

012.03A6 The Department of Education may make a supplemental payment to a school district not able to achieve the Department's annually established Below Age Five funding threshold through a combination of IDEA base and enrollment and poverty flow-through allocations. Contingent upon available federal funds, this annual threshold will be at least the same percentage of funding as is available through state general funds for school age services for that year.

012.04 Allowable Costs

012.04A The allowable costs for early childhood special education (Below Age Five) services are restricted to the following items, which shall be documented and are subject to audit:

- 012.04A2 school district or approved cooperative share of fringe benefits for the special education staff;

- 012.04A4b To students who are assigned to more than one attendance center to receive special education.
- 012.04A5 travel costs incurred by parents to attend educational planning meetings held outside the resident district which are necessary to provide a free appropriate public education or to visit their child who is assigned to a residential program outside the district as agreed upon through the IEP process;
- 012.04A6 costs of transporting children with disabilities which are authorized under Neb. Rev. Stat. 79-1129 and Section 014 are budgeted and claimed separately;
- 012.04A7 instructional equipment, supplies and publications necessary to aid the child in accomplishing the goals and objectives of the individual education program (IEP) or IFSP are allowable under this Chapter. The equipment, supplies and publications shall be used by the child in association with the implementation of the child's IEP, IFSP or evaluation. This shall also include equipment, supplies and publications used by staff when instructing children with verified disabilities; when evaluating children who are suspected of having disabilities; or when reevaluating children with verified disabilities.

012.05 Program Cost Limitations

012.05A Supervision of early childhood special education programs is allowable as an expenditure for up to an amount not to exceed 8% of the school district's or approved cooperative's allowable early childhood special education program costs, minus the cost of program supervision.

012.05B The cost of a superintendent or a principal, hired for the purpose of supervising general education, shall not be included in costs for below age five special education programs.

012.05C Any IDEA base allocation funds remaining after meeting Below Age Five obligations or at the option of the school district, Early Intervening services pursuant to 92 NAC 51-012.07A, may be used by the school district for other costs associated with serving children with disabilities, ages 5 to 21.

012.06 IDEA Enrollment and Poverty Flow-through Allocation

012.06A As per federal regulations, the enrollment and poverty flow-through allocation is distributed to school districts as follows:

012.06A1 85% on the basis of the number of children enrolled in public and nonpublic elementary schools and secondary schools within the jurisdiction of the district; and

012.06A2 15% in accordance with the number of children living in poverty within the jurisdiction of the district as determined by the Department of Education.

012.06B A combination of IDEA base and IDEA Enrollment and Poverty allocations will be used by school districts to achieve the annual threshold as specified in 92 NAC 51-012.03A7.

012.06C Funds may be used to supplement school age and below age five special education costs not covered by state or federal payments to increase the percentage of excess costs being paid or to expand special education services.

012.06C1 School districts electing to use funds for additional excess costs will receive an initial payment of approximately one-half of the allocation, following approval by the Department of Education of the school district application, with subsequent approximately equal payments of the balance on a schedule established by the Department.

012.06C2 School districts electing to use funds for expanding special education services will receive funding, following approval by the Department of Education of the school district application, based on forms and documentation required by and submitted to the Department.

012.06C3 Funds shall be used only to pay the excess cost of providing special education and related services to children with disabilities except for purposes specified in 92 NAC 51-012.07A, and shall be used to supplement State, local and other federal funds and not to supplant such funds.

012.06C4 When expenditures are for resources benefiting all children, costs attributed to IDEA shall be on a prorata basis.

012.06C5 IDEA Enrollment and Poverty flow-through allocation can be considered in calculating the maximum amount of funds available under 92 NAC 51-012.07A.

012.06D An educational service unit, cooperative, or regional planning entity recognized by the State Board of Education pursuant to Neb. Rev. Stat. 79-1135 may receive grant funding if a school district authorizes through a signed certification the release of all or a portion of the school district IDEA allocation to said entity.

012.07A3a Payments for Early Intervening Services will be made according to 92 NAC 51-012.06C2.

012.07A4 Nothing in this subsection shall be construed to limit or create a right to a free appropriate public education under Rule 51.

014.01D1b from the service site to the nonpublic school, or to the child's home, depending on the timing of the services.

014.01D2 School districts are not required to provide transportation from the child's home to the nonpublic school.

014.02 Responsibility for Transportation

014.02A The board of education shall be responsible to provide for the transportation expenses of children with disabilities who are residents of the school district under Neb. Rev. Stat. 79-1129 by:

014.02A1 paying a parent for transporting his or her child for actual miles traveled and claimed; or

014.02A2 operating vehicles for the purpose of transporting children with disabilities; or

014.02A3 contracting for transportation services for children with disabilities; or

014.02A4 purchasing services from a common carrier; or

014.02A5 arranging for such other transportation as is proper and necessary to transport children with disabilities.

014.02B The board of education shall select an efficient and effective means of transportation for the child with a disability at a reasonable cost.

TITLE 92
CHAPTER 51

014.02C The board of education shall not provide for the transportation expenses of children with a disability who are residents of the school districts under Neb. Rev. Stat. 79-1129 if such children are able to use regular transportation services provided by the district unless:

014.02C1 alteration of the routes of such regular transportation is required to transport children with a disability; or

014.02C2 alteration is required of the equipment or vehicles used in such regular transportation in order to accommodate children with a disability.

014.02D The board of education shall provide for expenses equal to the statutory amount for each mile or fraction thereof traveled between the place of residence and the program of attendance when a parent transports his or her child(ren) with a disability. (Refer to Neb. Rev. Stat. 79-1129 and 81-1176.)

014.02E Except when a parent is transporting only his or her child, the board of education shall require that the driver and vehicle meet the standards required by 92 NAC 91, 92, 93, and 94.

014.02F For students with disabilities participating in the Option Enrollment Program under Neb. Rev. Stat. 79-232 to 79-246, the transportation services included on the student's IEP shall be provided by the district from which the student optioned. The Department shall reimburse the district from which the student optioned for the cost of transportation in accordance with Section 014.

014.03 Allowable Expenses

014.03A The school district or approved cooperative shall provide for the transportation expenses of children with a disability transported by the parents of such children, upon receipt of claims submitted to the board of education by such parents. Such claims shall be documented and subject to audit. The claims shall:

014.03A1 state the names of the children transported, the dates they were transported, the mileage incurred in such transportation; and

014.03A2 contain a statement that the claim is a true and correct report of mileage; and

014.03A3 include the signature of the parent.

014.03B The school district or approved cooperative shall not be relieved of the obligation to provide transportation for an eligible child with a disability because of the inability or unwillingness of the child's parents to provide transportation. No eligible child with a disability may be denied or have limitations placed on the child's receipt of special education services required by an IEP or IFSP as a result of the inability or unwillingness of parents to provide transportation.

014.03C The school district or approved cooperative shall provide for the expenses or the equivalent costs for transportation from the child's legal residence (the residence of the parent(s)) or Department of Education approved residential placement, to the child's program.

TITLE 92
CHAPTER 51

- 014.03D A school district or approved cooperative may apply to the Department of Health and Human Services for reimbursement of transportation costs for the school age student who was made a ward of the state or court prior to his or her arrival in that school district.
- 014.03E When the school district or approved cooperative provides for transportation expenses under Neb. Rev. Stat. 79-1129 for children with a disability who are residents of the school district by utilizing vehicles operated by the school district, it shall include those transportation expenses below which are directly related to the vehicles used to transport special education children:
- 014.03E1 salaries and fixed charges of drivers and necessary aides;
- 014.03E2 vehicle operational supplies;
- 014.03E3 vehicle repairs and maintenance;
- 014.03E4 vehicle lease costs;
- 014.03E5 vehicle insurance related to the transportation of children with a disability;
- 014.03E6 documented administrative expenses of those engaged or employed for the purpose of supervising the transportation of children with a disability, their assistants, and clerical personnel but not including expenses for those engaged in general school or special education administration;
- 014.03E7 such depreciation as is allowed in 92 NAC 51-014.04 of these rules;
- 014.03E8 those expenses attributable to an alteration of routes;
- 014.03E9 those expenses attributable to alterations in equipment of vehicles, which must be depreciated; and
- 014.03E10 facility expenses relating to the maintenance of vehicles used for transporting children with a disability. Transportation facility expense for purposes other than maintenance are not allowable reimbursable items. Maintenance includes such activities as repair, cleaning, greasing, fueling and inspecting vehicles for safety. If a facility is used for purposes other than maintenance of vehicles used to transport children with a disability, expenses must be listed separately so that only those costs attributed to the maintenance of special education vehicles are included.
- 014.03F If income is derived from a transportation service provided under Neb. Rev. Stat. 79-1129 such income shall be used to offset expenses listed above to the extent of such income.
- 014.03G The Department of Education shall allow a per mile cost for operating vehicles by using the categories of allowable expenses in 92 NAC 51-014.03 divided by the actual mileage the vehicle was driven for each fiscal year or the mileage rate provided in Neb. Rev. Stat. 81-1176. This procedure may be used in lieu of 92 NAC 51-014.03E.
- 014.03H The costs used must be adequately documented by the school district for review by the Department of Education.

TITLE 92
CHAPTER 51

014.03I Detailed mileage logs must be maintained by the school district and be available for review by the Department of Education.

014.03J Undocumented expenses or mileage will not be allowed.

014.04 Depreciation

014.04A The school district or approved cooperative shall claim as a depreciation deduction a reasonable allowance for depreciation of:

014.04A1 vehicles owned by the district, or portion of vehicles, or other capital assets owned by the district used in the transportation of children with a disability under Neb. Rev. Stat. 79-1129; and

014.04A2 other capital expenditures required in the alteration of vehicles used in the transportation of children with a disability under Neb. Rev. Stat. 79-1129.

014.04B An allowance for depreciation shall be based on a reasonable useful life span of an item at the time of acquisition or for previous district owed vehicles, the fair market value of the item when placed into special education service so that the amount set aside each year for depreciation plus the estimated salvage value, will, at the end of the useful life of the item, equal the cost of the item.

014.04B1 It shall be presumed that the reasonable period of depreciation for a new conventional school bus is seven years and that of a new small vehicle is three years.

014.04B2 If any school district or approved cooperative determines that the periods of depreciation set forth above are not reasonable because of the type of vehicles in use, the school district may request alternate periods of depreciation for such vehicles, along with supporting reasoning in an application to the Department of Education.

014.04B3 Capital expenditures in excess of two thousand dollars (\$2000) require a depreciation schedule approved by NDE.

014.04B4 The allowance for depreciation must be claimed in the fiscal year in which the vehicle was used.

014.04B5 When equipment is used for purposes other than for special education transportation, the school district or approved cooperative shall only claim the applicable prorated portion for special education payment.

014.04C When a depreciable item is disposed of or used for a purpose other than the transportation of children with a disability under Neb. Rev. Stat. 79-1129, the fair market value of such item shall be considered its actual salvage value.

014.04C1 Any actual salvage in excess of estimated salvage value shall be set off against any payments due to the board under Neb. Rev. Stat. 79-1129 and 79-1144.

014.04C2 When the actual salvage value is less than the estimated salvage value, then an expense for such difference shall be allowable under 92 NAC 51-014.04B of these rules.

014.04C3 When vehicles are not disposed of in a cash sale, recognized retail book values, such as the Used Car Guide of the National Automobile Dealers Association shall be evidence of fair market value unless a board of education demonstrates that it is not appropriate to use such recognized book values on a particular vehicle because of the condition or type of the vehicle in question.

014.04C4 A depreciation schedule shall be maintained by the district or approved cooperative as long as they own the vehicle.

014.05 Other Conditions

014.05A The fiscal year for school age and early childhood special education (Below Age Five) transportation shall be from September 1 to August 31.

014.05B Based on claim forms submitted reflecting the allowable costs of transporting children with disabilities, the Department of Education will reimburse each school district or approved cooperative a pro rata amount determined by the State Board of Education from appropriations for special education approved by the Legislature. For early childhood special education (Below Age Five) transportation, refer to 92 NAC 51-014.05H. Transportation claim forms shall be submitted on or before September 30 of each year according to the provisions of 92 NAC 51-011.04C3 and 011.04C4.

014.05C Reimbursement to a school district or approved cooperative whose Special Education Transportation Final Claim Form is submitted to the Department of Education after the due date shall be subject to the procedures specified in 92 NAC 51-004.14.

014.05D All transportation claims shall be documented and are subject to audit.

014.05E For payment for costs associated with the transportation of children below the age of five with a disability who are wards of the court, refer to 92 NAC 51-014.05H.

014.05F Supplementary amendments to any Special Education School Age Transportation Final Claim Form previously approved by the Department of Education may be submitted to the Department of Education for review and approval within three years of the original due date. Approved amendments may be submitted by the Department of Education to the Legislature for consideration of a supplemental appropriation.

014.05G Payments authorized by Neb. Rev. Stat. 79-1144 shall be made only to a school district or approved cooperative.

014.05H IDEA Base flow-through allocation (92 NAC 51-012.02) and the IDEA Enrollment and Poverty Allocation (92 NAC 51-012.06) are to be used to fund costs for transporting children with disabilities below the age of five.

014.05I Expenditure of IDEA Allocations shall be in accordance with 92 NAC 51-012.06C3, 012.06C4 and 012.06C5.

015 Children with Disabilities Attending Nonpublic Schools

015.01 Children Placed In or Referred To a Nonpublic School or Facility by the School District As a Means of Providing Special Education and Related Services

015.01A School districts shall insure that a child with a disability who is placed in or referred to a nonpublic school or facility by a school district:

015.01A1 is provided special education and related services in conformance with an IEP that meets the requirements of Section 007 at no cost to the parents;

015.01A2 is provided an education that meets the standards including the requirements of this Chapter, that apply to education provided by the school district; and

015.01A3 has all of the rights of a child with a disability who is served by a school district.

015.01B School districts shall disseminate copies of applicable standards to each nonpublic school and facility to which the school district has referred or placed a child with a disability.

015.02 Children Placed In a Nonpublic School by Parents As a Means of Obtaining Special Education and Related Services; FAPE is At Issue

015.02A This Chapter does not require a school district to pay for the cost of education, including special education and related services, of a child with a disability at a nonpublic school or facility if that school district made FAPE available to the child and the parents elected to place the child in a nonpublic school or facility as a means of obtaining special education and related services. However, the school district shall include that child in the population whose needs are addressed consistent with 92 NAC 51-015.03.

015.02B Disagreements between a parent and a school district regarding the availability of a program appropriate for the child, and the question of financial responsibility, are subject to the due process procedures of 92 NAC 55.

015.02B1 If the parents of a child with a disability, who previously received special education and related services under the authority of the school district, enroll the child in a nonpublic preschool, elementary or secondary school without the consent or referral by the school district, a court or a hearing officer may require the school district to reimburse the parents for the cost of that enrollment if the court or hearing officer finds that the school district had not made a free appropriate public education available to the child in a timely manner prior to that enrollment and that the private placement is appropriate.

015.02B1a A parental placement may be found to be appropriate by a hearing officer or a court even if it does not meet the State standards that apply to education provided by the school district.

015.02C The cost of reimbursement described in 92 NAC 51-015.02B1 may be reduced or denied if:

TITLE 92
CHAPTER 51

015.02C1 at the most recent IEP meeting that the parents attended prior to removal of the child from the public school, the parents did not inform the IEP team that they were rejecting the placement proposed by the school district to provide a free appropriate public education to their child, including stating their concerns and their intent to enroll their child in a nonpublic school at public expense; or

015.02C2 at least 10 business days (including any holidays that occur on a business day), prior to the removal of the child from the public school, the parents did not give written notice to the school district of the information described in 92 NAC 51-015.02C1; or

015.02C3 prior to the parents removal of the child from the public school, the school district informed the parents, through the notice requirements described in 92 NAC 51-009.03, of its intent to evaluate the child (including a statement of the purpose of the evaluation that was appropriate and reasonable), but the parents did not make the child available for such evaluation; or

015.02C4 upon a judicial finding of unreasonableness with respect to actions taken by the parents.

015.02D Notwithstanding the notice requirements of 92 NAC 51-015.02C1 and 015.02C2 the cost of reimbursement shall not be reduced or denied for failure to provide the notice if: the parent is illiterate and cannot write in English; compliance with 92 NAC 51-015.02C1 and 015.02C2 would likely result in physical or serious emotional harm to the child; the school prevented the parent from providing such notice, or the parents had not received prior written notice, of the parents' responsibility to provide such notice to the school districts as required by 92 NAC 51-009.03.

015.03 Children Enrolled In a Nonpublic School by Parents If FAPE Is Not At Issue

015.03A As used in 92 NAC 51-015.03, nonpublic school children with disabilities means children with disabilities enrolled by their parents in nonpublic school or facilities other than children with disabilities covered under 92 NAC 51-015.01.

015.03B The school district shall locate, identify, evaluate and provide special education and related services for all children with disabilities attending nonpublic schools, including children residing in the jurisdiction of the school district who attend religiously affiliated schools, in accordance with 92 NAC 51-006.01A, 004.01, and 004.08. The activities undertaken to carry out this responsibility for children with disabilities attending nonpublic schools must be comparable to activities undertaken for children with disabilities in public schools.

015.03C The school district shall consult with appropriate representatives of nonpublic school children with disabilities on how to carry out the activities described in 92 NAC 51-015.03B.

015.04 Services provided to nonpublic school children with disabilities may be provided on-site at a child's nonpublic school, including a religious school, to the extent consistent with law.

TITLE 92
CHAPTER 51

015.05 Transportation

015.05A If necessary for the child to benefit from or participate in the services provided under this Chapter, a nonpublic school child with a disability must be provided transportation:

015.05A1 from the child's school or the child's home to a site other than the nonpublic school; and

015.05A2 from the service site to the nonpublic school, or to the child's home, depending on the timing of the services.

015.05B School districts are not required to provide transportation from the child's home to the nonpublic school.

015.06 A school district may lease a classroom in a nonpublic school building. If properly drafted, the lease transforms the classroom into a public school classroom during the times covered by the lease. The board of education of a public school district may offer the special education programs enumerated in Neb. Rev. Stat. 79-1127 in a leased classroom in a nonpublic school building. It does not, however, have an unqualified legal duty to do so.

015.07 A school district may not use special education funds for classes that are organized separately on the basis of school enrollment or religion of the children if:

015.07A the classes are at the same site; and

015.07B the classes include children enrolled in public schools and children enrolled in nonpublic schools.

015.08 A school district may not use special education funds to finance the existing level of instruction in a nonpublic school or to otherwise benefit the nonpublic school.

015.08A A school district shall use the special education funds to meet the specific needs of children enrolled in nonpublic schools, rather than:

015.08A1 the needs of a nonpublic school; or

015.08A2 the general needs of the children enrolled in a nonpublic school.

015.09 A school district may use special education funds to make public personnel available in other than public facilities:

015.09A to the extent necessary to provide services designed for students enrolled in a nonpublic school;

015.09B if those benefits are not normally provided by the nonpublic school.

015.10 A school district may use special education funds to pay for the services of an employee of the nonpublic school if:

015.10A the employee performs the services outside of his or her regular hours of duty; and

015.10B the employee performs the services under public supervision and control.

015.11 A school district may place equipment and supplies in a nonpublic school for the period of time needed for the provision of special education and related services.

TITLE 92
CHAPTER 51

- 015.11A The school district shall insure that the equipment or supplies placed in a nonpublic school:
- 015.11A1 are used only for the purpose of providing special education and related services; and
 - 015.11A2 can be removed from the nonpublic school without remodeling the nonpublic school facilities.
- 015.11B The school district shall remove equipment or supplies from a nonpublic school if:
- 015.11B1 the equipment or supplies are no longer needed for the purpose of providing special education and related services; or
 - 015.11B2 removal is necessary to avoid use of the equipment or supplies for other than special education purposes.
- 015.11C A school district shall insure that special education funds are not used for repairs, minor remodeling or the construction of nonpublic school facilities.
- 015.11D A school district must keep title to and exercise continuing administrative control of all property, equipment, and supplies that the school district acquires with special education funds for the benefit of nonpublic school children with disabilities.

TITLE 92
CHAPTER 51

016 Disciplinary Removal of Students with Disabilities

016.01 Change of placement for disciplinary removals

016.01A For the purpose of removals of a child with a disability from the child's current educational placement under Section 016, a change of placement occurs if:

016.01A1 the removal is for more than 10 consecutive school days; or

016.01A2 the child is subjected to a series of removals that constitute a pattern because they cumulate to more than 10 school days in a school year, and because of factors such as the length of each removal, the total amount of time the child is removed, and the proximity of the removals to one another.

016.02 Authority of School Personnel

016.02A School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order the change in placement for a child with a disability who violates a code of student conduct.

016.02B School personnel under this Subsection may remove a child with a disability who violates a code of student conduct from their current placement to an appropriate interim alternative educational setting, another setting, or suspension, for not more than 10 school days (to the extent such alternatives are applied to children without disabilities).

016.02C If school personnel seek to order a change in placement that would exceed 10 school days and the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the child's disability pursuant to 92 NAC 51-016.02E, the relevant disciplinary procedures applicable to children without disabilities may be applied to the child in the same manner and for the same duration in which the procedures would be applied to children without disabilities, except as provided in 004.01, although it may be provided in an interim alternative educational setting.

016.02D A child with a disability who is removed from the child's current placement under 92 NAC 51-016.02G (irrespective of whether the behavior is determined to be a manifestation of the child's disability) or 92 NAC 51-016.02C shall:

016.02D1 continue to receive educational services, as provided in 92 NAC 51-004.01, so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to receive those services and modifications, including those described in the child's current IEP, that will enable the child to progress toward meeting the goals set out in the child's IEP; and

016.02D2 receive, as appropriate, a functional behavior assessment, behavior intervention services and modifications, that are designed to address the behavior violation so that it does not recur.

016.02E Manifestation Determination

- 016.02E1 Except as provided in 92 NAC 51-016.02B, within 10 school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the school district or approved cooperative, the parent, and relevant members of the IEP Team (as determined by the parent and the school district or approved cooperative) shall review all relevant information in the student's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine:
- 016.02E1a if the conduct in question was caused by or had a direct and substantial relationship to, the child's disability; or
- 016.02E1b if the conduct in question was the direct result of the school district's or approved cooperative's failure to implement the IEP.
- 016.02E2 If the school district or approved cooperative, the parent, and relevant members of the IEP Team determine that either 92 NAC 51-016.02E1a or 016.02E1b is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.
- 016.02F If the school district or approved cooperative, the parent, and relevant members of the IEP Team make the determination that the conduct was a manifestation of the child's disability, the IEP Team shall:
- 016.02F1 conduct a functional behavioral assessment, and implement a behavioral intervention plan for the child provided that the school district or approved cooperative had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement described in 92 NAC 51-016.02C or 016.02G;
- 016.02F2 in the situation whether a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- 016.02F3 except as provided in 92 NAC 51-016.02G, return the child to the placement from which the child was removed, unless the parent and the school district or approved cooperative agree to a change of placement as part of the modification of the behavioral intervention plan.
- 016.02G School personnel may remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability, in cases where a child:
- 016.02G1 carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of a State or school district or approved cooperative;
- 016.02G2 knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a State or school district or approved cooperative; or

TITLE 92
CHAPTER 51

- 016.02G3 has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of a State or school district or approved cooperative.
- 016.02H Not later than the date on which the decision to take disciplinary action is made, the school district or approved cooperative shall notify the parents of that decision, and of all procedural safeguards under Section 009.
- 016.03 The interim alternative educational setting in 92 NAC 51-016.02C and 016.02G shall be determined by the IEP Team.
- 016.04 Appeals Regarding Placement in an Alternative Education Setting
- 016.04A The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination under this subsection, or a school district or approved cooperative that believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request a hearing by filing a petition pursuant to 92 NAC 55.
- 016.04B A hearing officer shall hear and make a determination regarding an appeal pursuant to 92 NAC 55 requested under 92 NAC 51-016.04A.
- 016.04C In making the determination, the hearing officer may order a change in placement of a child with a disability. In such situations, the hearing officer may:
- 016.04C1 return a child with a disability to the placement from which the child was removed; or
- 016.04C2 order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.
- 016.05 When an appeal under 92 NAC 51-016.04 has been requested by either the parent or the school district or approved cooperative:
- 016.05A the child shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the time period provided for in 92 NAC 51-016.02C, whichever occurs first, unless the parent and the school district or approved cooperative agree otherwise; and
- 016.05B an expedited hearing shall occur within 20 school days of the date the hearing is requested and shall result in a determination within 10 school days after the hearing.
- 016.06 Protections for Children Not Yet Eligible for Special Education and Related Services
- 016.06A A child who has not been determined to be eligible for special education and related services, and who has engaged in behavior that violates a code of student conduct of the school district or approved cooperative, may assert any of the protections provided for in this part if the school district or approved cooperative had knowledge (as determined in accordance with this Section) that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.

016.06B A school district or approved cooperative shall be deemed to have knowledge that a child is a child with a disability if, before the behavior that precipitated the disciplinary action occurred:

016.06B1 the parent of the child has expressed concern in writing to supervisory or administrative personnel of the school district or approved cooperative, or a teacher of the child, that the child is in need of special education and related services;

016.06B2 the parent of the child has requested an evaluation of the child pursuant to 92 NAC 51-006.02A; or

016.06B3 the teacher of the child, or other personnel of the school district or approved cooperative has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education of the school district or approved cooperative or to other supervisory personnel of the school district or approved cooperative.

016.06C A school district or approved cooperative shall not be deemed to have the knowledge that the child is a child with a disability if the parent of the child has not allowed an evaluation of the child pursuant to Section 006 or has refused services under this part or the child has been evaluated and it was determined that the child was not a child with a disability under Section 006.

016.06D Conditions that Apply if No Basis of Knowledge

016.06D1 If a school district or approved cooperative does not have knowledge that a child is a child with a disability (in accordance with 92 NAC 51-016.06B or 016.06C) prior to taking disciplinary measures against the child, the child may be subjected to the same disciplinary measures applied to children without disabilities who engaged in comparable behaviors consistent with 92 NAC 51-016.06D2.

016.06D2 If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures under 92 NAC 51-016.02, the evaluation shall be conducted in an expedited manner. If the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted by the school district or approved cooperative and information provided by the parents, the school district or approved cooperative shall provide special education and related services in accordance with this section, except that, pending the results of the evaluation, the child shall remain in the educational placement determined by school authorities.

016.07 Referral to and Action by law Enforcement and Judicial Authorities

016.07A Nothing in this part shall be construed to prohibit school districts or approved cooperatives from reporting a crime committed by a child with a disability to appropriate authorities or to prevent State law enforcement and judicial authorities from exercising their responsibilities with regard to the application of Federal and State law to crimes committed by a child with a disability.

016.07B A school district or approved cooperative reporting a crime committed by a child with a disability shall ensure that copies of the special education and disciplinary records of the child are transmitted for consideration by the appropriate authorities to whom the school district or approved cooperative reports the crime.
